

COUNCIL MEETING AGENDA

Monday 15 July 2019
Council Chambers, St Helens

John Brown, General Manager
Break O'Day Council
8 July 2019

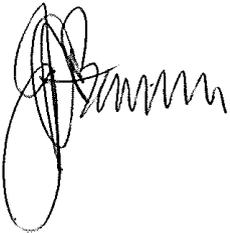

This page left blank intentionally

NOTICE OF MEETING

Notice is hereby given that the next meeting of the Break O'Day Council will be held at the St Helens Council Chambers on Monday 15 July 2019 commencing at 10.00am.

CERTIFICATION

Pursuant to the provisions of Section 65 of the *Local Government Act 1993*, I hereby certify that the advice, information and recommendations contained within this Agenda have been given by a person who has the qualifications and / or experience necessary to give such advice, information and recommendations or such advice was obtained and taken into account in providing the general advice contained within the Agenda.

A handwritten signature in black ink, appearing to read 'John Brown', with a large, stylized initial 'J' and 'B'.

JOHN BROWN
GENERAL MANAGER

Date: 8 July 2019

OPENING

The Mayor to welcome Councillors, staff and members of the public and declare the meeting open at [time].

ACKNOWLEDGEMENT OF COUNTRY

We would like to acknowledge the Tasmanian Aboriginals as the traditional custodians of the land on which we meet today, and pay respect to the elders past and present.

07/19.1.0 ATTENDANCE

07/19.1.1 Present

Mayor Mick Tucker
Deputy Mayor John McGiveron
Councillor Kristi Chapple
Councillor Janet Drummond
Councillor Barry LeFevre
Councillor Margaret Osborne OAM
Councillor Lesa Whittaker
Councillor Kylie Wright

07/19.1.2 Apologies

Councillor Glenn McGuinness

07/19.1.3 Leave of Absence

Nil.

07/19.1.4 Staff in Attendance

General Manager, John Brown
Executive Assistant, Angela Matthews

07/19.2.0 PUBLIC QUESTION TIME

07/19.3.0 DECLARATION OF PECUNIARY INTEREST OF A COUNCILLOR OR CLOSE ASSOCIATE

Section 48 or 55 of the Local Government Act 1993 requires that a Councillor or Officer who has an interest in any matter to be discussed at a Council Meeting that will be attended by the Councillor or Officer must disclose the nature of the interest in a written notice given to the General Manager before the meeting; or at the meeting before the matter is discussed.

A Councillor or Officer who makes a disclosure under Section 48 or 55 must not preside at the part of the meeting relating to the matter; or participate in; or be present during any discussion or decision making procedure relating to the matter, unless allowed by the Council.

07/19.4.0 CONFIRMATION OF MINUTES

07/19.4.1 Confirmation of Minutes – Council Meeting 24 June 2019

OFFICER'S RECOMMENDATION:

That the minutes of the Council Meeting held on the 24 June 2019 be confirmed.

07/19.5.0 COUNCIL WORKSHOPS HELD SINCE 24 JUNE 2019 COUNCIL MEETING

There was a Workshop held on Monday 1 July 2019 – the following items were listed for discussion.

- Policy Review – AM11 Roads Infrastructure Policy
- Extension of Free Green Waste Days
- Request for Council Support – Dragon Trail MTB Event
- St Helens Point Progress Association – Request for Annual Funding
- Portland Hall & Memorial Park Re-Roofing Project
- Draft Local Provisions Schedule (LPS) Project
- 2 Falmouth Street, St Helens - Variation on Sealing of Road Frontage for Proposed 3 Lot Subdivision
- Policy – LG06 Employee Recognition Policy

07/19.6.0 PLANNING AUTHORITY

Pursuant to Section 25 of the Local Government (Meeting Procedures) Regulations 2015 the Mayor informed the Council that it was now acting as a Planning Authority under the Land Use Planning and Approvals Act 1993.

07/19.6.1 DA 124-2017 – Legalisation of Studio, Shed & New Dwelling – 585 Elephant Pass Road, St Marys

| ACTION | DECISION |
|----------------------------------|--|
| PROPONENT | G A Pascoe and C Hall-Pascoe |
| OFFICER | Rebecca Green, Planning Consultant |
| FILE REFERENCE | DA 124-2017 |
| ASSOCIATED REPORTS AND DOCUMENTS | Plans and Elevations Wastewater Report and Design (Amended) Bushfire Report AS2870-1996 Site Assessment Representation (1) Applicant's Response to Representation |

OFFICER'S RECOMMENDATION:

After due consideration of the representation received pursuant to Section 57 of the *Land Use Planning & Approvals Act 1993* and the *Break O'Day Council Interim Planning Scheme 2013* that the application for **Legalisation of Studio & Shed & New Dwelling** on land situated at **585 Elephant Pass Road, St Marys (access over Crown Land and CT 30144/1)** described in Certificate of Title CT 244717/1 be **APPROVED** subject to the following conditions:

1. Development must accord with the Development Application DA 124-2017 received by Council 6 May 2019 and 7 May 2019, together with all submitted documentation received and forming part of the development application, except as varied by conditions of this Planning Permit.
2. Effluent disposal is subject to a technical assessment and issue of a Plumbing Permit by Council's *Plumbing Permit Authority*.
3. All runoff from the buildings must be disposed of within the confines of the property by means that will not result in soil erosion or other stormwater nuisance.
4. The driveway must be maintained in a manner that ensures sediment is neither tracked nor eroded across the property boundary.
5. All building wastes are to be removed to the appropriate waste disposal facility to prevent an environmental nuisance being caused outside of the works site.

ADVICE:

- The introduction of non-native plant species and plant species not of local provenance should be avoided and environmental weeds regularly monitored and targeted for removal.

- Activities associated with construction works are not to be performed outside the permissible time frame listed:
Monday-Friday 7am to 6pm
Saturday 9am to 6pm
Sunday and public holidays 10am to 6pm

INTRODUCTION:

Application is made for the legalisation of a studio and shed and use and construction of a new dwelling at 585 Elephant Pass Road, St Marys. Access to the site is via an existing formed access partly over private property (CT 30144/1) as well as Crown Land road reservation. Crown Land consent to the making of the application and also notification to the private landowner of CT 30144/1 was provided with the application.

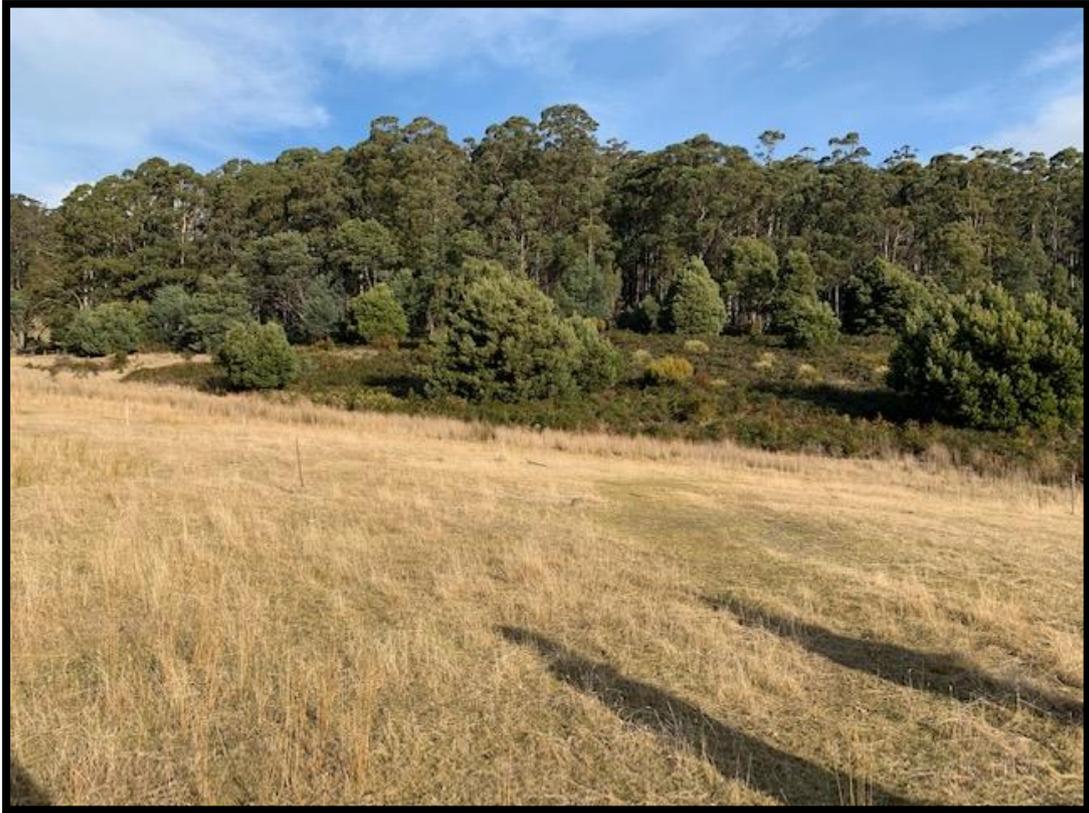

Existing access from Elephant Pass Road

Looking south-east toward location of new dwelling

Looking north-west from dwelling location

Looking south-west from dwelling location

Shed to be considered for retrospective approval

Building to be used as Art Studio for consideration of retrospective approval

PREVIOUS COUNCIL CONSIDERATION:

Not applicable.

OFFICER'S REPORT:

1. The Proposal

Break O'Day Council received an application on 3 August 2017 from Guy Pascoe for the use and construction of a new dwelling and legalisation of shed and studio. Further to receipt of additional information this original application was advertised 6-24 April 2019. One (1) representation was received. Upon review of this information, the applicant then amended their application to consider access over private property and additional on-site wastewater management design information, and the amended application was submitted by G A Pascoe and C Hall-Pascoe.

The amended application was submitted 6 May and 7 May 2019, and forms the basis of this assessment.

585 Elephant Pass Road is a lot of approximately 20.46ha, mainly cleared of vegetation. Adjoining titles are predominantly vacant bushland with residential properties to the south and east of the subject site partially protected by Private Conservation Reserves. The lower western end of the property is subject to poor drainage and the dwelling has been sited centrally to gain full access to northerly sunlight and open space. No vegetation is proposed to be removed.

The proposal is to construct a new single dwelling comprising an open plan foyer, living, kitchen and dining. One (1) main bedroom with walk-in robe as well as a study is proposed. A bathroom including flushing toilet is contained within the main structure. Decking surrounding the dwelling leads to an amenities annex, containing a compost toilet, laundry and mechanical room. The dwelling will be constructed of timber frame, hardwood cladding and custom orb roof sheeting.

An existing building presently occupied will be converted and used as an art studio for the occupants of the dwelling on site. This structure will be temporarily occupied during the construction of the new dwelling, and upon occupancy of the new build will convert to an outbuilding. This structure will comprise an art studio, lunch room, sitting room, and a watercolour extension with a library in the loft on the upper level. Additional ancillary structures include a store and ablutions comprising a compost toilet and hay barn and sheds. A new grey water system is proposed to be installed to manage wastewater from the existing buildings, with a new grey and black water system proposed to be installed to manage wastewater from the new dwelling on site.

2. Applicable Planning Scheme Provisions

Part 26 Rural Resource Zone

E4 Road and Railway Assets Code

E6 Car Parking and Sustainable Transport Code

E9 Water Quality Code

E16 On-Site Wastewater Management Code

3. Referrals

A site inspection was undertaken by Council's Consultant Planner and Council's Environmental Health Officer following receipt of the one (1) representation.

The application was referred to Council's Environmental Health Officer who provided the following comments:

- 1. Studio - The representor raises concerns about a build-up of pathogens being flushed into the creek from the disposal area in the event of a heavy downpour. The system design detail prescribes the disposal of lower risk grey wastewater, to a depth of 450mm below the surface of the ground. The pathogen scavenging action of the soil and evaporation of moisture during dry periods will effectively neutralise pathogen viability, this is the basic premise of how the system works. In the event there is a significant rain event there would need to be full saturation of the soil to a depth of 450mm to possibly cause any remaining viable pathogens, that have remained in solution, to rise to the surface and flow almost 100m overland into the creek.*
- 2. The likelihood of failure of the trenches associated with the studio as a result of heavy rain is addressed above and for the reasons described above it is considered the risk of this event occurring is very low. Consideration of the consequence of small amount of contaminated grey water entering and significantly increasing the contaminant load of a flooded creek is considered extremely minor, therefore the risk of an adverse outcome is considered low risk.*

3. *The design of the infiltration trenches associated with the new dwelling are in accordance with the Australia/New Zealand Standard 1547:2012. This standard requires a design by a suitable qualified person which the applicant has provided. The design must also satisfy the Director's Guidelines for On-site Wastewater Management Systems, which is has. The question of overland flows is addressed in the design by the acknowledgment of an open drainage channel above the land application area that will divert overland flows away from the land application area with instruction to construct clay lined diversion trenches if overland flows are detected from any other source. The design of the system is such that effluent is disposed of under a layer of soil, geo-fabric and grass, over the top of deep soils. The evapo-transpiration system will ensure that very little effluent remains in an aqueous form and so for rain events to create flows that both saturate the soil to allow flowing water through the system and sufficient liquid remaining in the pipes to be washed out, is minimal. It must also be considered that the dwelling has a composting toilet as well as a flush toilet and the owners will preferentially use the composting toilet so black water loads will be lower than designed for.*

4. Assessment

The application has met the acceptable solutions for all issues, except for reliance upon five (5) performance criteria as detailed below;

- 1) 26.2 Use Table – Discretionary Use – single dwelling
- 2) & 3) 26.3.2 Dwellings P1.1b) and P1.2
- 4) 26.4.1 Building Location and Appearance P2 (<200m building setback – sensitive use)
- 5) E16.7.2 Surface and Ground Water Impacts P1

Detailed assessment against the provisions of the *Break O'Day Interim Planning Scheme 2013* is provided below. **The proposal is deemed to comply with the performance criteria applicable.**

26 Rural Resource Zone

The proposed use fits the use class of Residential, being single dwelling, which is a Discretionary use within the Rural Resource Zone.

Residential as defined by the Scheme means:

“use of land for self-contained or shared living accommodation. Examples include an ancillary dwelling, boarding house, communal residence, home-based business, hostel, residential aged care home, residential college, respite centre, retirement village and single or multiple dwellings.”

26.3 Use Standards

26.3.1 Discretionary Uses if not a single dwelling

Not applicable. This qualified discretionary application is for a single dwelling only.

26.3.2 Dwellings

| Acceptable Solutions/Performance Criteria | Proposed Solutions |
|---|---|
| <p>P1.1 A dwelling may be constructed where it is demonstrated that:</p> <ul style="list-style-type: none"> a) it is integral and subservient to resource development, as demonstrated in a report prepared by a suitably qualified person, having regard to: <ul style="list-style-type: none"> i) scale; and ii) complexity of operation; and iii) requirement for personal attendance by the occupier; and iv) proximity to the activity; and v) any other matters as relevant to the particular activity; or b) the site is practically incapable of supporting an agricultural use or being included with other land for agricultural or other primary industry use, having regard to: <ul style="list-style-type: none"> i) limitations created by any existing use and/or development surrounding the site; and ii) topographical features; and iii) poor capability of the land for primary industry operations (including a lack of capability or other impediments); and <p>P1.2 A dwelling may be constructed where it is demonstrated that wastewater treatment for the proposed dwelling can be achieved within the lot boundaries, having regard to the rural operation of the property and provision of reasonable curtilage to the proposed dwelling.</p> | <p>P1.1 The applicant has demonstrated the dwelling will be constructed:</p> <ul style="list-style-type: none"> b) on land classified as Class 5 and Class 6 under the DPIPWE Modelled Land Capability Classification System. Such land is only marginally suited to grazing activities due to severe limitation, has low productivity, high risk of erosion, low natural fertility that severely restricts agricultural use. Therefore, the site is deemed to be practically incapable of supporting an agricultural use or being included with other land for agricultural or other primary industry use. <p>and</p> <p>P1.2 The dwelling will be constructed on an approximately 20.46ha lot and will therefore be able to provide a wastewater treatment system that can dispose of the generated dwelling waste within the lot boundaries and not adversely impact upon the rural operations of adjoining properties.</p> <p>Performance criterion met.</p> |

26.3.3 Irrigation Districts – not applicable.

26.4 Development Standards

26.4.1 Building Location and Appearance

| Acceptable Solutions/Performance Criteria | Proposed Solutions |
|--|---|
| <p>A1 Building height must not exceed:</p> <ul style="list-style-type: none"> a) 8m for dwellings; or b) 12m for other purposes. | <p>A1 Maximum building height will be less than 8m.</p> <p>Acceptable solution met.</p> |

| Acceptable Solutions/Performance Criteria | Proposed Solutions |
|---|--|
| <p>P2 Buildings must be setback so that the use is not likely to constrain adjoining primary industry operations having regard to:</p> <ul style="list-style-type: none"> a) the topography of the land; and b) buffers created by natural or other features; and c) the location of development on adjoining lots; and d) the nature of existing and potential adjoining uses; and e) the ability to accommodate a lesser setback to the road having regard to: <ul style="list-style-type: none"> i) the design of the development and landscaping; and ii) the potential for future upgrading of the road; and iii) potential traffic safety hazards; and iv) appropriate noise attenuation. | <p>P2 As the minimum boundary setback will be less than 200m from the Rural Resource Zone, the application is discretionary. The applicant has demonstrated this reduced setback is not likely to constrain adjoining primary industrial operations having regard to:</p> <ul style="list-style-type: none"> a) the topography of the land; and b) buffers created by natural or other features; and c) the location of development on adjoining lots; and d) the nature of existing and potential adjoining uses; and e) the ability to accommodate a lesser setback to the road having regard to: <ul style="list-style-type: none"> i) the design of the development and landscaping; and ii) the potential for future upgrading of the road; and iii) potential traffic safety hazards; and iv) appropriate noise attenuation. <p>Performance criterion met.</p> |
| <p>A3 Where a development is part of a larger complex, each component of the development must be connected by walking tracks.</p> | <p>A3 Not applicable. The proposed development is not a part of a larger complex.</p> |

26.4.2 Subdivision

Not applicable. This application does not propose a subdivision.

26.4.3 Tourist Operations

Not applicable. This application does not propose a tourist operation.

E4 Road and Railway Assets Code

The existing property access is available over the subject site, Crown Land and private property identified in CT 30144/1. The access is appropriate and adequate for the use and no further upgrade is necessary or required.

E4.6 Use Standards

E4.6.1 Use and road or rail infrastructure

| Acceptable Solutions | Proposed Solutions |
|---|---|
| <p>A1 Sensitive use on or within 50m of a category 1 or 2 road, in an area subject to a speed limit of more than 60km/h, a railway or future road or railway, must not result in an increase to the annual average daily traffic (AADT) movements to or from the site by more than 10%.</p> | <p>A1 The proposal will not increase the annual daily traffic movements at Elephant Pass Road access by more than 10%. Acceptable solution met.</p> |
| <p>A2 For roads with a speed limit of 60km/h or less the use must not generate more than a total of 40 vehicle entry and exit movements per day</p> | <p>A2 The use will not generate more than average 8-9 vehicle movements per day as a single dwelling. Acceptable solution met.</p> |

| Acceptable Solutions | Proposed Solutions |
|--|--|
| A3 For roads with a speed limit of more than 60km/h the use must not increase the annual average daily traffic (AADT) movements at the existing access or junction by more than 10%. | A3 The proposal will not increase the annual daily traffic movements at Elephant Pass Road access by more than 10%. Acceptable solution met. |
| A4 Use serviced by a side road from a deficient junction (refer E4 Table 2) is not to create an increase to the annual average daily traffic (AADT) movements on the side road at the deficient junction by more than 10%. | A4 Not applicable. The property is not accessed off a side road from a deficient junction. |

E4.7 Development Standards

E4.7.1 Development on and adjacent to Existing and Future Arterial Roads and Railways

| Acceptable Solutions | Proposed Solution |
|---|---|
| A1 The following must be at least 50m from a railway, a future road or railway, and a category 1 or 2 road in an area subject to a speed limit of more than 60km/h: a) new road works, buildings, additions and extensions, earthworks and landscaping works; and b) building envelopes on new lots; and c) outdoor sitting, entertainment and children's play areas | A1 The proposed development and works is not within 50m of a railway, future road or railway or a category 1 or 2 road. |

E4.7.2 Management of Road Accesses and Junctions

| Acceptable Solutions | Proposed Solutions |
|--|---|
| A1 For roads with a speed limit of 60km/h or less the development must include only one access providing both entry and exit, or two accesses providing separate entry and exit. | A1 The development is proposed to use the existing access point. Acceptable solution met. |
| A2 For roads with a speed limit of more than 60km/h the development must not include a new access or junction. | A2 The development is proposed to use the existing access point. Acceptable solution met. |
| A3 Accesses must not be located closer than 6m from an intersection, nor within 6m of a break in a median strip. | A3 The development is proposed to use the existing access point. Acceptable solution met. |

E4.7.3 Management of Rail Level Crossings

Not applicable. The development site is not on or near a railway or rail level crossing.

E4.7.4 Sight Distance at Accesses, Junctions and Level Crossings

| Acceptable Solutions | Proposed Solution |
|--|---|
| <p>A1 Sight distances at</p> <ul style="list-style-type: none"> a) an access or junction must comply with the Safe Intersection Sight Distance shown in Table E4.7.4; and b) rail level crossings must comply with <i>AS1742.7 Manual of uniform traffic control devices - Railway crossings</i>, Standards Association of Australia; or c) If the access is a temporary access, the written consent of the relevant authority has been obtained. | <p>A1 Adequate sight distances are provided in accordance with the Safe Intersection Sight Distances shown in Table E4.7.4.</p> |

E6 Car Parking and Sustainable Transport Code

E6.6 Use Standards

E6.6.1 Car Parking Numbers

| Acceptable Solutions | Proposed Solution |
|---|---|
| <p>A1 The number of car parking spaces must not be less than the requirements of:</p> <ul style="list-style-type: none"> a) Table E6.1; or b) a parking precinct plan contained in Table E6.6: Precinct Parking Plans (except for dwellings in the General Residential Zone). | <p>A1 Two car spaces are provided within the site. Acceptable solution met.</p> |

6.7 Development Standards

E6.7.1 Construction of Car Parking Spaces and Access Strips

| Acceptable Solutions | Proposed Solution |
|---|--|
| <p>A1 All car parking, access strips manoeuvring and circulation spaces must be:</p> <ul style="list-style-type: none"> a) formed to an adequate level and drained; and b) except for a single dwelling, provided with an impervious all weather seal; and c) except for a single dwelling, line marked or provided with other clear physical means to delineate car spaces. | <p>A1 All car parking, access strips manoeuvring and circulation spaces will be:</p> <ul style="list-style-type: none"> a) formed to an adequate level and drained; and b) not applicable; and c) not applicable. <p>Acceptable solution met.</p> |

E6.7.2 Design and Layout of Car Parking

| Acceptable Solutions | Proposed Solutions |
|--|--|
| <p>A1.1 Where providing for 4 or more spaces, parking areas (other than for parking located in garages and carports for a dwelling in the General Residential Zone) must be located behind the building line; and</p> <p>A1.2 Within the general residential zone, provision for turning must not be located within the front setback for residential buildings or multiple dwellings.</p> | <p>A1.1 Not applicable. This application does not require or propose 4 or more spaces; and</p> <p>A1.2 Not applicable. The development site is located within the Rural Resource Zone.</p> |

| Acceptable Solutions | Proposed Solutions |
|--|--|
| <p>A2.1 Car parking and manoeuvring space must:</p> <ul style="list-style-type: none"> a) have a gradient of 10% or less; and b) where providing for more than 4 cars, provide for vehicles to enter and exit the site in a forward direction; and c) have a width of vehicular access no less than prescribed in Table E6.2; and d) have a combined width of access and manoeuvring space adjacent to parking spaces not less than as prescribed in Table E6.3 where any of the following apply: <ul style="list-style-type: none"> i) there are three or more car parking spaces; and ii) where parking is more than 30m driving distance from the road; or iii) where the sole vehicle access is to a category 1, 2, 3 or 4 road; and <p>A2.2 The layout of car spaces and access ways must be designed in accordance with <i>Australian Standards AS 2890.1 - 2004 Parking Facilities, Part 1: Off Road Car Parking</i>.</p> | <p>A2.1 The car parking and manoeuvring space will:</p> <ul style="list-style-type: none"> a) have a gradient of 10% or less; and b) Not applicable; and c) have a width of vehicular access no less than prescribed in Table E6.2; and d) have a combined width of access and manoeuvring space adjacent to parking spaces not less than as prescribed in Table E6.3 where any of the following apply: <ul style="list-style-type: none"> i) there are two car parking spaces; and ii) where parking is more than 30m driving distance from the road; or iii) where the sole vehicle access is to a category 1, 2, 3 or 4 road; and <p>A2.2 The layout of car spaces and access ways must be designed in accordance with <i>Australian Standards AS 2890.1 - 2004 Parking Facilities, Part 1: Off Road Car Parking</i>.</p> |

E6.7.3 Parking for Persons with a Disability

Not applicable. The provision of disabled parking is not required for this application.

E6.7.4 Loading and Unloading of Vehicles, Drop-off and Pickup

Not applicable. Delivery vehicles for uses other than Residential, will not be delivering on-site.

E6.8 Provisions for Sustainable Transport

E6.8.5 Pedestrian Walkways

Not applicable. This application is not required to provide pedestrian walkways.

E8 Biodiversity Code

The applicant has confirmed this proposal does not require any vegetation to be removed.

E9 Water Quality Code

E9.6.1 Development and Construction Practices and Riparian Vegetation

| Acceptable Solutions | Proposed Solutions |
|--|---|
| <p>A1 Native vegetation is retained within:</p> <ul style="list-style-type: none"> a) 40m of a wetland, watercourse or mean high water mark; and b) A Water catchment area – inner buffer. | <p>A1 No native vegetation is proposed to be removed. The proposal complies with the Acceptable Solution.</p> |
| <p>A2 A wetland must not be filled, drained, piped or channelled.</p> | <p>A2 Not applicable. No alteration is proposed.</p> |
| <p>A3 A watercourse must not be filled, piped or channelled except to provide a culvert for access purposes.</p> | <p>A3 Not applicable. No alteration is proposed.</p> |

E9.6.2 Water Quality Management

| Acceptable Solutions | Proposed Solutions |
|---|---|
| <p>A1 All stormwater must be:</p> <ul style="list-style-type: none"> a) Connected to a reticulated stormwater system; or b) Where ground surface runoff is collected, diverted through a sediment and grease trap or artificial wetlands prior to being discharged into a natural wetland or watercourse; or c) Diverted to an on-site system that contained stormwater within the site. | <p>A1 c) Rainwater from the proposed development is to be harvested from the building roof and stored in a water storage tank with overflow direct to absorption on site. The proposal complies with the Acceptable Solution.</p> |
| <p>A2.1 No new point source discharge directly into a wetland or watercourse.</p> <p>A2.2 For existing point source discharges into a wetland or watercourse there is to be no more than 10% increase over the discharge which existed at the effective date.</p> | <p>A2.1 No point source discharge is proposed.</p> <p>A2.2 Not applicable. The proposal complies with the Acceptable Solution.</p> |
| <p>A3 No acceptable solutions.</p> <p>P3 Quarries and borrow pits must not have a detrimental effect on water quality or natural processes.</p> | <p>P3 Not applicable.</p> |

E9.6.3 Construction of Roads

| Acceptable Solutions | Proposed Solutions |
|---|--|
| <p>A1 A road or track does not cross, enter or drain to a watercourse or wetland.</p> | <p>A1 No new access is proposed that will cross, enter or drain to a watercourse or wetland. The proposal complies with the Acceptable Solution.</p> |

E9.6.4 Access

| Acceptable Solutions | Proposed Solutions |
|--|---------------------------|
| <p>A1 No acceptable solution.</p> <p>P1 New access points to wetlands and watercourses are provided in a way that minimises:</p> <ul style="list-style-type: none"> a) Their occurrence; and b) The disturbance to vegetation and hydrological features from use or development. | <p>P1 Not applicable.</p> |
| <p>A2 No acceptable solution.</p> <p>P2 Accesses and pathways are constructed to prevent erosion, sedimentation and siltation as a result of runoff or degradation of path materials.</p> | <p>P2 Not applicable.</p> |

E9.6.5 Sediment and Erosion Control – not applicable.

E9.6.6 Water Catchment Areas – not applicable.

E.16 On-Site Wastewater Management Code

E16.6 Use Standards

E16.6.1 Use and lot size

| Acceptable Solutions | Proposed Solutions |
|---|---|
| A1 Residential uses that rely on onsite wastewater management must: a) be on a site with minimum area of 2,000m ² ; and b) have four bedrooms or less. | A1 The proposed dwelling will be on an approximate 20.46ha site and contain less than four bedrooms. Acceptable solution met. |
| A2 Non-residential uses that rely on onsite water management must be on a site with minimum area of 5,000m ² . | A2 Not applicable. This application is for a Residential Use only. |

E16.7 Development Standards

E16.7.1 Onsite Wastewater Management

| Acceptable Solutions | Proposed Solutions |
|---|--|
| A1 A minimum horizontal separation of 3m must be provided between onsite wastewater management infrastructure and buildings and structures. | A1 The applicant has demonstrated a minimum horizontal separation of 3m will be provided between onsite wastewater management infrastructure and buildings and structures. Acceptable solution met. |
| A2 A minimum horizontal separation of 3m must be provided between onsite wastewater management infrastructure and the following: a) hardstand and paved areas; b) car parking and vehicle manoeuvring areas; and c) title or lot boundaries; | A2 The applicant has demonstrated a minimum horizontal separation of 3m will be provided between onsite wastewater management infrastructure and the following: a) hardstand and paved areas; b) car parking and vehicle manoeuvring areas; and c) title or lot boundaries; Acceptable solution met. |
| A3 Private Open Space must not be used for surface irrigation of treated wastewater. | A3 Private Open Space will not be used for surface irrigation of treated wastewater. Acceptable solution met. |
| A4 Onsite waste water management infrastructure must be on lots with an average slope of 10% percent or less. | A4 Onsite waste water management infrastructure will be on land with an average slope less than 10%. Acceptable solution met. |

E16.7.2 Surface and ground water impacts

| Acceptable Solutions/Performance Criteria | Proposed Solutions |
|---|---|
| <p>A1 Onsite wastewater management infrastructure must have a minimum separation distance of 100m from a wetland or watercourse or coastal marine area.</p> <p>P1 Onsite wastewater management infrastructure within 100m of a wetland or watercourse or coastal marine area must have no detrimental impacts on the water quality or integrity of the wetland or watercourse or coastal marine area.</p> | <p>A1 Onsite wastewater management infrastructure will be within 100m of a watercourse. The amended waste-water disposal report prepared by Ken Walters dated 1st May 2019 provides information addressing the performance criteria further. The actual slopes on the site chosen for wastewater management flow away from the watercourse location. An existing unapproved management system will be replaced for grey water only, and a new greywater and blackwater system further away from the watercourse is also proposed to service the new dwelling. Council's Environmental Health Officer has also provided commentary in relation to this matter in the referrals section of this report, noted above.</p> <p>Performance criterion met.</p> |
| <p>A2 Onsite wastewater management infrastructure must have a minimum separation distance of 50m from a downslope bore, well or other artificial water supply.</p> | <p>A2 There is more than 50m separation from an artificial water supply structure to the disposal area. Acceptable solution met.</p> |
| <p>A3 Vertical separation between groundwater and the land used to apply effluent, including reserved areas, must be no less than 1.5m.</p> | <p>A3 The location of the absorption area will have a minimum vertical separation between groundwater and the land used to apply effluent, including reserved areas, in excess of 1.5m. Acceptable solution met.</p> |
| <p>A4 Vertical separation between a limiting layer and the land used to apply effluent, including reserved areas, must be no less than 1.5m.</p> | <p>A4 The location of the absorption area will have a minimum vertical separation between a limiting layer and the land used to apply effluent, including reserved areas in excess of 1.5m. Acceptable solution met.</p> |

5. Representations

The application was advertised 18 May 2019 to 31 May 2019 in the Examiner Newspaper, notices on-site and at the Council Chambers and notification by mail to all adjoining landowners. One (1) representation was received prior to the closing date and time. The representation is as follows: -

| Representation 1 | Response |
|---|--|
| <p>Concern in relation to design of the wastewater infrastructure design, including impacts on the creek.</p> | <p>A condition will require a plumbing permit as part of the building application phase for further consideration of the on-site wastewater management infrastructure. The proposal meets the requirements of E16 On-site Wastewater Management Code as detailed above. Council's Environmental Health Officer has also reviewed the application and representation and provides comments earlier within this report. A response to the representor's concerns has also been provided by Ken Walter. It is considered that with appropriate conditions and subsequent approvals the proposal can ameliorate the concerns raised in the representation.</p> |

The recommendation for approval has been made following due consideration of the representations and comments.

6. Mediation

Nil.

7. Conclusion

In accordance with 8.10 of the *Break O' Day Interim Planning Scheme 2013*, the application has been assessed against the objectives of the Scheme, in particular the General Residential Zone, all relevant Codes and issues. The application has demonstrated compliance with the Acceptable Solutions and five (5) Performance Criterion; the received representation has been considered. It is recommended for approval with conditions normally set to this type of development.

LEGISLATION & POLICIES:

Break O' Day Interim Planning Scheme 2013;
Land Use Planning and Approvals Act 1993;
Local Government (Building and Miscellaneous Provisions) Act 1993.

BUDGET; FUNDING AND FINANCIAL IMPLICATIONS:

Not applicable, all costs of the development are the responsibility of the developer.

VOTING REQUIREMENTS:

Simple Majority

| ACTION | DECISION |
|---|--|
| PROPONENT | Paul Aulich |
| OFFICER | Rebecca Green, Planning Consultant |
| FILE REFERENCE | DA 260-2018 |
| ASSOCIATED REPORTS AND DOCUMENTS | Plans and Details Written Submission Preamble to the Development Application Certificate of Title General Manager’s consent to application (dated 20 May 2019) TasWater Submission to Planning Authority Notice Representations (2) Applicant’s Response to Representations |

OFFICER’S RECOMMENDATION:

After due consideration of the representation received pursuant to Section 57 of the *Land Use Planning & Approvals Act 1993* and the *Break O’Day Council Interim Planning Scheme 2013* that the application for **Community Park Facility and Associated Car Parking** on land situated at **Groom Street, St Marys including Car Parking within Groom Street Road Reservation** described in Certificate of Title CT 48419/1 be **APPROVED** subject to the following conditions:

1. Development must accord with the Development Application DA 260-2018 received by Council 20 May 2019, together with all submitted documentation received and forming part of the development application, except as varied by conditions of this Planning Permit.
2. All works must be in accordance with the conditions of the Submission to Planning Authority Notice by TasWater, TWDA 2019/00704-BODC as attached to this permit.
3. All stormwater runoff from the proposed development must be detained by on-site water storage systems and overflow disposed of by means that will not result in soil erosion or other stormwater nuisance. Absorption drains must be of sufficient size to absorb stormwater runoff.
4. No works are to commence on the carparking and associated works within Groom Street road reservation until a permit to undertake works in the road reservation has been issued by Council’s Works Manager for the crossover (application attached).
5. All building wastes are to be removed to the appropriate waste disposal facility to prevent an environmental nuisance being caused outside of the works site.
6. Any damage that may occur to any Council infrastructure during the construction of the proposed development must be reinstated to the satisfaction of Council and at the cost of the developer.

ADVICE:

- All underground infrastructure including all forms of water, storm water, power, gas and telecommunication systems must be located prior to the commencement of any on-site excavation and/or construction works. Any works to be undertaken within 2 metres of any Council owned infrastructure must be done in consultation with Council’s Manager Works and Infrastructure.
- Activities associated with construction works are not to be performed outside the permissible time frame listed:
Monday-Friday 7am to 6pm
Saturday 9am to 6pm
Sunday and public holidays 10am to 6pm

INTRODUCTION:

Application is made for the construction of a multi-purpose outdoor recreation area to be located on land situated on the corner of Groom Street and Story Street, St Marys. The land area comprises 7003m² and is predominantly open grasslands, with exercise equipment located in the north-eastern portion of the site. This land was gifted to the Break O’Day Council for the purpose of the St Marys Community Space project.

PREVIOUS COUNCIL CONSIDERATION:

DA155-2018 on the subject site for a very similar proposal was withdraw following receipt of representations and re-design of car parking requirements of Council.

OFFICER'S REPORT:

1. The Proposal

Break O'Day Council received an application on 20 May 2019 from Paul Aulich, who acts on behalf of the St Marys Community Space Association Inc. for the development of a community park located on the corner of Groom Street and Story Street, St Marys. The owner of the land is Break O'Day Council and consent of the General Manager, John Brown was provided with the application.

The development proposed a skate park, a bike track, a play area including an all abilities swing set, retention of the existing outdoor fitness equipment, a barbeque shelter and picnic area. The proposal will provide for recreational facilities for all members of the public, as it is a proposed multi-use site.

The proposal will be constructed in stages, as and when funding for the various components is secured by the St Marys Community Space Association Inc. The project will be landscaped once all the building works have been undertaken and screening is to be provided through the provision of fencing to a neighbouring property.

2. Applicable Planning Scheme Provisions

Part 10 General Residential Zone

E6 Car Parking and Sustainable Transport Code

E9 Water Quality Code

3. Referrals

The application was referred to Council's Infrastructure Department and comment was provided on 23 May 2019 as follows:

They will need to apply for a permit (application attached) before commencing any work in the road reservation (e.g. parking).

Further advice was provided that Council officers had received the proposed parking previously and have no further comments.

4. Assessment

The application has met the acceptable solutions for all issues, except for reliance upon one (1) performance criteria as detailed below;

3) 10.4.16.1 Stormwater Disposal P1

Detailed assessment against the provisions of the *Break O'Day Interim Planning Scheme 2013* is provided below. **The proposal is deemed to comply with the performance criteria applicable.**

Planning Assessment

10 General Residential Zone

10.2 Use Table

The proposed use fits the use class of Passive Recreation, being a public park and playground, which is a No Permit Required use within the General Residential Zone. The application was discretionary due to reliance upon performance criteria only.

Passive Recreation as defined by the Scheme means:

“use of land for informal leisure and recreation activities principally conducted in the open. Examples include public parks, gardens and playgrounds, and foreshore and riparian reserves.”

10.3 Use Standards

10.3.1 Amenity

| Acceptable Solutions | Proposed Solutions |
|--|--|
| A1 If for permitted or no permit required uses. | A1 The proposed development is for a no permit required use within the General Residential zone. The proposal complies with the Acceptable Solution. |
| A2 Commercial vehicles for discretionary uses must only operate between 7.00am and 7.00pm Monday to Friday and 8.00am to 6.00pm Saturday and Sunday. | A2 Not applicable. |

| Acceptable Solutions | Proposed Solutions |
|---|--|
| A3 If for permitted or no permit required uses. | A3 The proposed development is for a no permit required use within the General Residential zone. The proposal complies with the Acceptable Solution. |

10.4 Development Standards

10.4.1 Residential Density for Multiple Dwellings – not applicable.

10.4.2 Setbacks and building envelopes for all dwellings – not applicable, no dwelling proposed.

10.4.3 Site Coverage and private open space for all dwellings – not applicable, no dwelling proposed.

10.4.4 Sunlight and overshadowing for all dwellings – not applicable, no dwelling proposed.

10.4.5 Width of openings for garages and carports for all dwellings – not applicable, no dwelling proposed.

10.4.6 Privacy for all dwellings – not applicable, no dwelling proposed.

10.4.7 Frontage fences for all dwellings – not applicable, no dwelling proposed.

10.4.8 -10.4.15 – Not applicable.

10.4.16.1 Stormwater Disposal

| Acceptable Solutions/Performance Criteria | Proposed Solutions |
|--|--|
| <p>A1 All run off from buildings must be directed into on-site water storage tanks and the overflow from the tanks disposed of into the Council maintained roadside drain or the reticulated stormwater system.</p> <p>P1 Stormwater must be managed on the site so that it does not cause pollution, soil erosion or flooding to adjacent lots.</p> | <p>P1 The proposal is not to direct stormwater into a storage tank and on site and hence relies upon assessment against the performance criteria. Stormwater from the development is to be managed within the site so that it will not cause pollution, soil erosion or flooding to adjacent lots. This is to be achieved by the placement of the infrastructure and the addition of further landscaping once construction has been completed. With appropriate conditions placed on an approval, the proposal can meet the performance criteria.</p> |

10.4.16.2 Filling of Sites

| Acceptable Solutions | Proposed Solutions |
|---|---|
| <p>A1 Fill must be:</p> <ol style="list-style-type: none"> No more than 50m³; and Clean fill; and Located more than 2m from any boundary. | <p>A1 Proposal complies with acceptable solution.</p> |

E6 Car Parking and Sustainable Transport Code

E6.6 Use Standards

E6.6.1 Car Parking Numbers

| Acceptable Solutions | Proposed Solutions |
|---|--|
| <p>A1 The number of car parking spaces must not be less than the requirements of:</p> <ol style="list-style-type: none"> Table E6.1; or A parking precinct plan contained in Table E6.6: Precinct Parking Plans (except for dwellings in the General Residential Zone). | <p>A1 Passive Recreation does not have specific parking requirements. The proposal complies.</p> |

E6.7 Development Standards

E6.7.1 Construction of Car Parking Spaces and Access Strips

| Acceptable Solutions | Proposed Solutions |
|--|----------------------------------|
| <p>A1 All car parking, access strips, manoeuvring and circulation spaces must be:</p> <ul style="list-style-type: none"> a) Formed to an adequate level and drained; and b) Except for a single dwelling, provided with an impervious all weather seal; and c) Except for a single dwelling, line marked or provided with other clear physical means to delineate car spaces. | <p>A1 The proposal complies.</p> |

E6.7.2 Design and Layout of Car Parking

| Acceptable Solutions | Proposed Solutions |
|---|---|
| <p>A1.1 Where providing for 4 or more spaces, parking areas (other than for parking located in garages and carports for a dwelling in the General Residential Zone) must be located behind the building line; and</p> <p>A1.2 Within the general residential zone, provision for turning must not be located within the front setback for residential buildings or multiple dwellings.</p> | <p>A1.1 and A1.2 No parking is proposed within the boundaries of the site, on-street parking is proposed.</p> |
| <p>A2.1 Car parking and manoeuvring space must:</p> <ul style="list-style-type: none"> a) Have a gradient of 10% or less; and b) Where providing for more than 4 cars, provide for vehicles to enter and exit the site in a forward direction; and c) Have a width of vehicular access no less than prescribed in Table E6.2; and d) Have a combined width of access and manoeuvring space adjacent to parking spaces not less than as prescribed in Table E6.3 where any of the following apply: <ul style="list-style-type: none"> i) There are three or more car parking spaces; and ii) Where parking is more than 30m driving distance from the road; or iii) Where the sole vehicle access is to a category 1, 2, 3 or 4 road; and <p>A2.2 The layout of car spaces and access ways must be designed in accordance with <i>Australian Standards AS2890.1 – 2004 Parking Facilities, Part 1: Off Road Car Parking</i>.</p> | <p>A2.1 No parking is proposed within the boundaries of the site, on-street parking is proposed.</p> |

E6.7.3 Parking for Persons with a Disability

| Acceptable Solutions | Proposed Solutions |
|--|--|
| <p>A1 All spaces designated for use by persons with a disability must be located closest to the main entry point to the building.</p> | <p>A1 Proposal complies with acceptable solution.</p> |
| <p>A2 One of every 20 parking spaces or part thereof must be constructed and designated for use by persons with disabilities in accordance with <i>Australian Standards AS/NZ 2890.6 2009</i>.</p> | <p>A2 Although Passive Recreation use class does not require any parking, one space is to be constructed and designated for use by persons with disabilities in accordance with <i>Australian Standards AS/NZ 2890.6 2009</i>.</p> |

E6.7.4 Loading and Unloading of Vehicles, Drop-off and Pickup

| Acceptable Solutions | Proposed Solutions |
|--|--------------------|
| <p>A1 For retail, commercial, industrial, service industry or warehouse or storage uses:</p> <ul style="list-style-type: none"> a) At least one loading bay must be provided in accordance with Table E6.4; and b) Loading and bus bays and access strips must be designed in accordance with <i>Australian Standard AS/NZS 2890.3 2002</i> for the type of vehicles that will use the site. | A1 Not applicable. |

E6.8 Provisions of Sustainable Transport

E6.8.5 Pedestrian Walkways

| Acceptable Solutions | Proposed Solutions |
|--|-----------------------|
| A1 Pedestrian access must be provided for in accordance with Table E6.5. | A1 Proposal complies. |

E9 Water Quality Code

E9.6.1 Development and Construction Practices and Riparian Vegetation

| Acceptable Solutions | Proposed Solutions |
|--|--|
| <p>A1 Native vegetation is retained within:</p> <ul style="list-style-type: none"> a) 40m of a wetland, watercourse or mean high water mark; and b) A Water catchment area – inner buffer. | A1 No native vegetation is proposed to be removed. The proposal complies with the Acceptable Solution. |
| A2 A wetland must not be filled, drained, piped or channelled. | A2 Not applicable. No alteration is proposed. |
| A3 A watercourse must not be filled, piped or channelled except to provide a culvert for access purposed. | A3 Not applicable. No alteration is proposed. |

E9.6.2 Water Quality Management

| Acceptable Solutions | Proposed Solutions |
|---|--|
| <p>A1 All stormwater must be:</p> <ul style="list-style-type: none"> a) Connected to a reticulated stormwater system; or b) Where ground surface runoff is collected, diverted through a sediment and grease trap or artificial wetlands prior to being discharged into a natural wetland or watercourse; or c) Diverted to an on-site system that contained stormwater within the site. | A1 c) Stormwater from the proposed development is to be contained within the site. The proposal complies with the Acceptable Solution. |
| <p>A2.1 No new point source discharge directly into a wetland or watercourse.</p> <p>A2.2 For existing point source discharges into a wetland or watercourse there is to be no more than 10% increase over the discharge which existed at the effective date.</p> | <p>A2.1 No point source discharge is proposed.</p> <p>A2.2 Not applicable. The proposal complies with the Acceptable Solution.</p> |

| Acceptable Solutions | Proposed Solutions |
|--|--------------------|
| A3 No acceptable solutions. P3 Quarries and borrow pits must not have a detrimental effect on water quality or natural processes. | P3 Not applicable. |

E9.6.3 Construction of Roads

| Acceptable Solutions | Proposed Solutions |
|--|---|
| A1 A road or track does not cross, enter or drain to a watercourse or wetland. | A1 No new access is proposed that will cross, enter or drain to a watercourse or wetland. The proposal complies with the Acceptable Solution. |

E9.6.4 Access

| Acceptable Solutions | Proposed Solutions |
|--|--------------------|
| A1 No acceptable solution. P1 New access points to wetlands and watercourses are provided in a way that minimises: a) Their occurrence; and b) The disturbance to vegetation and hydrological features from use or development. | P1 Not applicable. |
| A2 No acceptable solution. P2 Accesses and pathways are constructed to prevent erosion, sedimentation and siltation as a result of runoff or degradation of path materials. | P2 Not applicable. |

E9.6.5 Sediment and Erosion Control – not applicable.

E9.6.6 Water Catchment Areas – not applicable.

5. Representations

The application was advertised 25 May 2019 to 7 June 2019 in the Examiner Newspaper, notices on-site and at the Council Chambers and notification by mail to all adjoining landowners. Two (2) representations were received prior to the closing date and time. The issues raised within the representations are as follows: -

| Issue | Response |
|---|--|
| Use is Sport and Recreation and not Passive Recreation and therefore a prohibited use | The use of the site best fits the Passive Recreation use class in accordance with Clause 8.2 of the <i>Break O' Day Interim Planning Scheme 2013</i> , and also is the present use of the site. The use is for a public park, including a playground, with all use and development associated with and a subservient part of this use class. Although the application states that events will be held on site, including those engaging in sport and culture, these events will be considered within the definitions of the Planning Scheme as Occasional Use in accordance with Clause 5.1. |

| | |
|--|---|
| | <p>Passive Recreation and Sports and Recreation have similarities between the use classifications:</p> <ul style="list-style-type: none"> a) They both cater for leisure and recreational activities; and b) They may both be carried out in the open. <p>The difference between the two use classifications are:</p> <ul style="list-style-type: none"> a) Sports and recreation activities are organised or competitive; passive recreation activities will be informal; b) Sports and recreation also include sporting activities; passive recreation does not, the skate park area is subservient to the overall playground, including bike track and public park; and c) The examples of sports and recreation activities are structured, formal facilities which allow people to use them for a limited function. <p>Sports and recreation would normally be:</p> <ul style="list-style-type: none"> a) Only open during limited hours; b) Subject to an entry fee; c) Overseen by some sort of on-site manager; d) Subject to a formal set of rules for the use of the facility; e) Have club rooms – such as a golf course or athletics centre; f) Require regular maintenance; g) Allow for single or limited number of activities, many of which are governed by an extensive set of rules. <p>The proposed activities do not fit within this description. Instead, the proposal is:</p> <ul style="list-style-type: none"> a) Accessible at all hours, restricted only by situations such as visibility and weather conditions; b) Not subject to an entry fee; c) Not actively managed on a day-to-day basis by anyone; d) Not subject to a formal set of rules; e) There are no club rooms and only minimal facilities; f) Once established, there will be minimal maintenance required (little to no more required than currently undertaken on site); and g) Able to be used by all community members, none of which are limited by teams, times or scores. |
|--|---|

| Issue | Response |
|--|--|
| <p>Incomplete application, missing consent of General Manager, copy of title, full description of the proposed use or development.</p> | <p>The application was made with the consent of the landowner in accordance with Section 52(1B) of the <i>Land Use Planning and Approvals Act 1993</i>. The application form was signed together with provision of written consent of Council's General Manager. A full copy of the title was also submitted together with the application. Public notification of the application provided and stated that plans and documents could be inspected at the Council Office during the public exhibition period and was available for inspection by the representors if they requested to view this information. No request to view this information by the representors were made to the knowledge of the author of this report. The application did not lack this information, the application is considered therefore to be valid.</p> <p>Council officer's are satisfied that the information submitted and forming part of the application and assessment and subsequently advertised including Preamble to the Development Application, Planning Scheme Response, and plans and details provided a full description of the proposed use and development and a description of the manner in which the proposed use and development will operate.</p> |
| <p>Property damage and antisocial behaviour and security concerns</p> | <p>The matter is not a consideration of the Planning Scheme. It is noted that throughout the design and planning process the applicant worked with the local police. The proposal is for an open plan park which eliminated the places for children to hide away from the public eye. This is a matter outside the scope of the application in relation to an issue that is for police consideration.</p> <p>It is further noted that no lighting is proposed and therefore use is expected to be limited to day light hours by way of visibility.</p> |
| <p>Lack of amenities and no toilets are proposed</p> | <p>Toilets do not form a part of this application. The applicant has advised that there will be plans in the future and these are likely to be subject to a separate development application. No further consideration of this matter is required.</p> |
| <p>Property devaluation concerns</p> | <p>The matter is not a consideration of the Planning Scheme.</p> |
| <p>Noise concerns</p> | <p>The use is a no permit required use in the zone. The only performance criteria that the proposal relied upon was in relation to stormwater. No noise impact assessment was requested as there is no performance criteria being relied upon in terms of assessment that requires such documentation.</p> <p>Although hours of use are likely to be restricted to daylight hours by way of no provision of lighting, there is no restriction to be imposed on such a facility and cannot be managed as it is an existing unrestricted public space. Any occasional activities are exempt under Clause 5.1 of the Planning Scheme and cannot be restricted by way of any condition on a planning approval.</p> |

| Issue | Response |
|---|---|
| Visual impact concerns | The use is a no permit required use in the zone. The only performance criteria that the proposal relied upon was in relation to stormwater. No performance criteria or provision in the planning scheme relevant to the proposal relates to visual impact. The applicant has discussed the use of a boundary fence with the representor in the past. The application does detail that fencing and landscaping will be implemented following construction, and any fencing on a side boundary is not a provision consideration of the planning scheme. It is noted that existing fencing and vegetation is located between the representors (adjacent property owner) dwelling and the shared boundary to the subject site. Limited landscaping is proposed to ensure an open plan park to mitigate any antisocial behaviour. Further discussions between the parties is welcome to resolve the boundary fencing concerns but is not considered necessary as part of any approval of such application, given the scale of the development and physical distance from the western boundary. |
| Other issues – community support and committee functions | The matter is not a consideration of the Planning Scheme. |
| Council’s obligation to observe and enforce its own planning scheme | Council is considered to be properly enforcing its own planning scheme in this instance, in that a planning application is required for assessment, and has been made and processed and assessed in accordance with Section 57 of the <i>Land Use Planning and Approvals Act 1993</i> . Should the representor believe that Council is not correctly acting in accordance with the Act, there are appeal options through the Resource Management and Planning Appeal Tribunal that are available to the representor. |

The recommendation for approval has been made following due consideration of the representations and comments.

6. Mediation

Nil.

7. Conclusion

In accordance with 8.10 of the *Break O’ Day Interim Planning Scheme 2013*, the application has been assessed against the objectives of the Scheme, in particular the General Residential Zone, all relevant Codes and issues. The application has demonstrated compliance with the Acceptable Solutions and one (1) Performance Criterion; the received representations have been considered. It is recommended for approval with conditions normally set to this type of development.

07/19.8.0 NOTICES OF MOTION

07/19.8.1 Notice of Motion – Nomination of the St Marys Community Space Project, to be included in the Drought Relief Funding Package, for the Fingal Valley – Clr K Wright

MOTION:

A report is sought providing advice in accordance with the requirements of Section 65 of the Local Government Act 1993 for the information of Council at a future meeting and consider any advice given by a person who has the qualifications or experience necessary to give such advice, information or recommendation:

That Council include the St Marys Community Space Project in the application for the Drought Relief Funding Package for the Fingal Valley.

SUBMISSION IN SUPPORT OF MOTION:

The Drought Relief Funding Package for the Fingal Valley specifically names up Bike Paths, Skate Parks and Parks in the FAQs for grant funding.

Drought Communities Programme - Extension

1. What types of local community infrastructure/facilities/spaces will the programme support?

Examples of local community infrastructure/facilities/spaces include:

- bike paths
- skate parks
- foot paths
- street scapes
- community centres
- health centres
- recreational facilities
- parks
- sporting facilities
- stadiums, arenas
- libraries
- showgrounds
- caravan parks
- men's sheds
- roads.

This list is not exhaustive.

The St Marys Community Space is an ideal project to nominate to be funded in the Fingal Valley.

Background information: The community has been actively involved in designing and fundraising for the St Marys Community Space since 2016. They have to date raised a substantial amount of money, through fundraising events and small grant funding. Council allocated the land to be used by the St Marys Community Space Association Inc. to build a community park by way of a motion passed unanimously by Council in December 2016 (Council decision 12/16.14.6.288).

Through an extensive consultation process with the community, starting with a survey of children and youth at the St Marys District School in 2016, plans were drawn up by Concrete Dreams, at a subsidised rate, for a street park. The community space includes a bike and scooter track, a skate park, a BBQ area, a swing set and outdoor gym equipment. This is to provide an all-inclusive highly visible space in the centre of town for all of the community to use.

Surveying of the site was completed by a surveyor, who donated his professional services, at no cost to the Association. The Association have paid for the erection of a branded sign to be placed on the site.

Fingal Valley Neighbourhood House obtained grant funding for exercise equipment placed on the space, this equipment is valued at approximately \$70,000. Members of the community provided many hours of labour and machinery to assist in the siting of this equipment. Cash from the fund-raising account was used to fill a short fall in money required to site the equipment.

A small grant was received from the St Helens-St Marys Community Grant and with the assistance of Break O’Day Council a picnic table and bench were placed on the site.

The Association have recently received a grant from Huon Aquaculture and another small grant from the Commonwealth Bank, St Marys. These grants have been made towards the purchase of a birds nest swing.

In total the approximate value of the grant funded equipment on site, and other associated costs, to the Association is \$120,000. This illustrates the level of desire for the St Marys Community Space project within the community. I believe it would be appropriate for Council to add this project to the Drought Assistance Funding Program application, to show support to the community in St Marys, and beyond, who have been working hard to enable this project to happen.

07/19.8.2 Notice of Motion – Review the Report “Responding to Climate Change Municipal Management Plan September 2013 – Clr J Drummond

MOTION:

A report is sought providing advice in accordance with the requirements of Section 65 of the Local Government Act 1993 for the information of Council at a future meeting and consider any advice given by a person who has the qualifications or experience necessary to give such advice, information or recommendation:

That Council establish a working group, comprised of interested councillors, to form a review panel. This review panel will review the report *“Responding to Climate Change” Municipal Management Plan September 2013*. Further, and most importantly, to revise the action plan to take account of the changed climate landscape in which we now find ourselves and to bring a new and revised action plan back to Council for consideration.

SUBMISSION IN SUPPORT OF MOTION:

In 2013 Council contracted EMC Engineering to compile a report titled *“Responding to Climate Change” Municipal Management Plan September 2013*. Climate Change is an issue which is of concern to many of the residents in the Break O’Day municipality.

I am calling on council to establish a working party comprised of interested councillors to evaluate and review the Action Plan set out in *“Responding to Climate Change” Municipal Management Plan September 2013*. This working party will build on the existing work of Council. Council needs to be a strong advocate for any actions, and opportunities, that Council can make both internally and on behalf of our community, to build resilience to a changing climate.

07/19.8.3 Notice of Motion – Small Playground, St Helens Sports Complex – Cllr M Osborne

MOTION:

A report is sought providing advice in accordance with the requirements of Section 65 of the Local Government Act 1993 for the information of Council at a future meeting and consider any advice given by a person who has the qualifications or experience necessary to give such advice, information or recommendation:

That Council install a small playground in front of the toilet block that is to be replaced at the St Helens Sports complex and that we do this out of public open space money - St Helens.

SUBMISSION IN SUPPORT OF MOTION:

The sports complex is used by young families and there is a great need for play equipment for the little ones.

The ground is used on Saturday and Sunday in the football season. This would be greatly used into the future. Motion - That out of our budget for foreshore playground we buy a swing for children with disabilities.

07/19.9.0 COUNCILLOR'S QUESTIONS ON NOTICE

07/19.9.1 Questions on Notice – Long Term Energy Plan – Cllr J Drummond

Regarding Council decision 04/16.8.4.83.

“That Council develop:

- a) A short term action plan of how we intend to manage electricity consumption due to the impending state-wide energy crisis; and
- b) A long term action plan to reduce energy consumption overall (electricity, fuel), and to progress toward greater energy independence (such as solar panels on our buildings).”

In regard to (b) in the above decision, would Council please advise if a long-term action plan considering all aspects of energy consumption (fuel as well as electricity) and energy independence was developed?

Reply

A Notice of Motion was lodged in the April 2016 Council Meeting regarding Energy Reduction Action Planning and a motion to request a report was carried unanimously.

In the Council Workshop of June 2016 a draft report was provided with a recommendation for Council's NRM Committee to task a working group from within the Committee with activity of scoping policy and development options for Break O'Day Municipality 'Environmental Sustainability Policy'. Council's Annual Plan at the time included the objective of 'Develop and implement an environmental sustainability policy for the region'.

The policy development process did not progress past this stage of discussion by the NRM Committee.

Specific energy reduction action planning is not included in either Council's or the NRM current plans however Council has undertaken a number of measures to reduce energy consumption such as the installation of solar panels, installation of LED street lights and purchase of smaller and diesel fuelled cars.

07/19.10.0 COUNCILLOR'S QUESTIONS WITHOUT NOTICE

Regulation 29 of the Local Government (Meeting Procedures) Regulations 2005 specifies that in putting a Question Without Notice a Councillor must not offer an argument or opinion, draw any inference or make any imputations except so far as may be necessary to explain the question.

The Chairperson must not permit any debate of a Question without Notice or its answer.

07/19.11.0 MAYOR'S & COUNCILLOR'S COMMUNICATIONS

Work Health & Safety Coordinator

The Work Health & Safety Coordinator attended various internal meetings related to risk management, WHS induction with new casual employee and consultation with outdoor workers regarding safety issues and manual handling.

Regular meetings with the corporate service manager, indoor council staff meetings and WHS /Risk Management Committee meeting.

Monthly remedial exercise sessions with St Marys and St Helens Depots workers.

Attended fitness for work site meeting at Council's quarry with contractors and undertook three WHS contractor inductions.

In the capacity as Deputy Warden, an emergency drill was conducted at Visitor Information Centre, History Room and Service Tasmania together with the Chief Warden.

Attended MAV Insurance Best Practice Forum on 4 July 2019 which was hosted by the City of Launceston.

During the period of **24 June to 4 July 2019, no vandalism was reported to Council.**

Update on Council's Insurance Renewal for 2019/2020 Financial Year

The Australian market shows no sign of softening anytime soon, especially in light of the recent natural disasters happening around Australia i.e. bushfires, cyclones, etc. Consequently, the property, construction, liability and financial lines continue to present the main challenges in the Australian market.

The property market continues to show high increase to pricing as well as reduction in capacity. Australian Underwriters are taking a more diligent approach to high hazard risks, in particular, properties with high hazard materials (i.e. aluminium cladding) and low fire protection or activities and locations that are considered to present high risk of large losses, resulting in price increases varying between 15 and 300% or are simply declining risk altogether.

Public Liability and Professional Indemnity Insurance

The MAV Insurance Liability Mutual Insurance scheme faced considerable hardening in the general insurance market, which has resulted in higher than expected underlying costs of LMI's reinsurance program. LMI member renewal contributions have increased for Tasmanian councils this year by 10% in comparison to the overall scheme contribution pool increase of 16%, which recognises the superior claims performance of Tasmanian councils.

Councillors & Officers Liability

Across Australia, significant price increases (anywhere from 10% to 300%) were expected as well as a reduction in capacity and underwriters simply walking away from this risk altogether. Council's current insurer have provided renewal terms with a further 30% increase in premium on last year.

Industrial Special Risk (ISR)

Council's current insurer remains the most competitive option in light of current market conditions and renewal terms have been negotiated with a 10% increase from last year. This is still an excellent outcome for Council. Asset values have only altered slightly from the last financial year.

Motor Vehicle

Increases of 10% and above have been expected across all commercial fleets, however successful negotiations with Council's current insurer resulted an increase of 3% from last year.

Corporate Practices Protection

Renewal with the current insurer has been secured with no increases to the premium from last year. Policy wording has been updated and only minor changes have been applied.

Airport Liability

There are no changes to the premium or deductibles.

Combined General Liability / Casual Hirers Liability

Renewal terms have been offered at rollover, based on \$1,000 deductibles.

Group Personal Accident

There are no changes to the premium or deductibles.

Business Travel

There are no changes to the premium or deductibles.

Workers Compensation

Minor increases of between 5 to 10 % were predicted however councils with frequency issues or poor claims performances expected significant increases in premiums.

Renewal terms were offered at a rate of 1.83% which represents a 3 % increase in rate on last year. Despite the small increase, Council's current insurer remains well below the rest of the market.

For 2017/2018 the claims experience discount (CED) payable on renewal is \$9,658.84 and for the 2018/2019 period, the CED is currently estimated at \$10,686.

OFFICER'S RECOMMENDATION:

That the report be received.

INTRODUCTION:

The purpose of this report is to provide Councillors with an update of various issues which are being dealt with by the Visitor Information Centre.

PREVIOUS COUNCIL CONSIDERATION:

Provided as a monthly report – Council consideration at previous meetings.

OFFICER'S REPORT:**Staff Movements:**

Nil.

Meetings Attended/Other information:

Visitation, as normal for this time of year, is very low, the busiest days with fewer than 50 and quietest days fewer than 20.

The History Room Curator provided the following additional information:

- Continuing to follow up with respect to the Valley Voice archive.
- Provided information for the Oral History Tasmania newsletter (associated with QVMAG).
- Visited by representatives of Channel Museum (Margate), responded to their request for assistance with digital copies of Plans, Policies and Procedures.
- Made contact with Works Operations Manager with respect to a potential heritage bulldozer identified through the Management Team.
- Received advice from Public Trustee that History Room has been bequeathed a book collection and returned completed forms.
- Statistics: On par with previous years....June 2019: HR Takings Entry \$227, Donations \$70.50 making a total of \$297.50; Visitors, Families/Couples 27, Concessions 31 making a total of 58.

Statistics:**Door Counts:**

| Month/Year | Visitor Numbers | Daily Average | History Room |

| ASSOCIATED REPORTS AND DOCUMENTS | Minutes of Audit Panel Meeting 24 June 2019 Audit Panel Chairman's Report Audit Panel Work Plan Audit Panel Performance Review |

OFFICER'S RECOMMENDATION:

That Council receive the minutes of the Audit Panel 24 June 2019, the Annual Report of the Chair of the Audit Panel and the Audit Panel Performance Review, and

That Council endorse the Audit Panel Annual Workplan, and

That Council request a report on the recommendation that Council a Cyber Security Policy.

INTRODUCTION:

Council's Audit Panel meets every three (3) months and the minutes of each meeting are required to be provided to Council.

PREVIOUS COUNCIL CONSIDERATION:

Minutes of Audit Panel meetings are provided to, and considered by Council, following those meetings, four (4) times per year.

This specific set of Minutes has not previously been considered.

OFFICER'S REPORT:

As per the minutes, the Audit Panel received and reviewed various elements of Council's financial performance, internal and external audit activities, management of risk and review of policies. Legislation requires these minutes to be provided to Council.

At the June Meeting, the Audit Panel also considers the Chair's Annual Report, the Performance Review of the Audit Panel and the Work Plan for the following year – 2019/2020. Council receipt of these reports is requested, as is, endorsing the proposed Audit panel Work Plan. The Report prepared by the Chair recommends Council adopt a specific Cyber Security Policy to address the elevated risk, world-wide, of cyber security. It is therefore recommended that Council request a Workshop report to consider this.

STRATEGIC PLAN & ANNUAL PLAN:

Strategic Plan 2017 – 2027

Goal

Services - To have access to quality services that are responsive to the changing needs of the community and lead to improved health, education and employment outcomes.

Strategies

- Work collaboratively to ensure services and service providers are coordinated and meeting the actual and changing needs of the community.
- Ensure Council services support the betterment of the community while balancing statutory requirements with community and customer needs.

Annual Plan 2017-2018

Corporate Planning Activities

Key Focus Area

Financial Management.

Strategy

Fulfil legislative and governance responsibilities and its decision making supported by sustainable policies and procedures.

Maintain financial viability and accountability in budgeting and administration.

LEGISLATION & POLICIES:

Local Government (Audit Panels) Order 2014.
Division 4 – Audit Panels of Local Government Act 1993.

BUDGET; FUNDING AND FINANCIAL IMPLICATIONS:

Nil.

VOTING REQUIREMENTS:

Simple Majority.

Minutes of the Meeting of the Audit Panel

Meeting Time and Date: Monday 24 June 2019 8.30 am

Meeting Venue: Break O'Day Council Library

Present: S J Hernyk (Chair); Clr J McGiveron; Clr J Drummond
In attendance: General Manager – J Brown (GM); Manager Corporate Services – B Hoogland (MCS); Clr B Lefevre (alternate Council Panel representative); by phone for Agenda Item 13 - Mr Robert Luciano, Tasmania Audit Office

Order of Business:

Item 1 – Declaration of Pecuniary Interests/Conflict of Interests

Nil

Item 2 – Adoption of Previous Minutes

Minutes of the February 2019 Meeting were accepted as circulated, having been received by Council at the March 2019 Monthly Meeting

Item 3 – Business Arising

Referred to Item 4

Item 4 - Outstanding from Previous Meetings – Action Sheet

Long Term Financial Plan - The meeting noted that this had been updated, adopted by Council and circulated to the Panel; the matter is complete.

Financial Management Strategy to be reviewed by Council and circulated to the Audit Panel - remains outstanding

Register of Delegations – GM noted that this has been updated by Executive Officer, reviewed by relevant managers and officers, identified gaps, omissions and corrections addressed and adopted by Council at the March 2019 Council Meeting. The Register was circulated to the Audit Panel. The Chair identified the value of the Register in confirming Council's awareness of, and compliance with, relevant legislation. This assists the Panel in meeting its obligation to ensure legislative compliance. The matter is complete.

Order of Business – Governance and Strategy:

Item 5 – Review Strategic Plans

The General Manager provided a verbal report to the Panel, noting the relatively recent adoption of the Strategic Plan and the review undertaken with Council, following the local government elections. Council is utilising Annual Plans to implement the objectives of the Strategic Plan and Annual Plan reporting to update Council on progress. The meeting received this report.

Item 6 – Budget Review

The Chair noted the circulated draft 2019-2020 Budget and that this was on the agenda for the June 2019 Meeting of Council, later today, for consideration and adoption. The Chair further noted the importance of alignment between the Budget and LTFP and that this was addressed in the Budget an LTFP by greater use of the same financial ratios.

The Chair queried carry over in the capital budget, GM noted:

- This was being addressed and greatly improved on previous years and will continue to improve
- Some carry over is a result of the budget being prepared prior to the end of financial year and some projects will actually be completed and not result in carry over
- Some carry over was unavoidable in specific projects due to unavoidable delays

The Chair also noted the failure to meet the target range in the Net Financial Liability ratio and recommended this be explained to Council.

Item 7 - Review Policies and Procedures

The Panel noted the circulated Policy Review Schedule and continued progress in reviewing and adopting Policies. The Chair noted the operational focus of Procedures and how this differs from Policies and therefore the need to separate these. The Chair recommended that, of the HR Policies remaining outstanding, that all of an operational nature be recommended to Council to be converted to Procedures in their entirety. Management can still follow up the review of these Procedures and the Audit Panel has the responsibility to oversee both Policies and Procedures where these relate to specified areas: finance/accounting, internal control, anti-fraud, anti-corruption and risk management

Order of Business – Financial Reporting

Item 8 - Financial Reports

The Panel noted the circulated end of month financial reports and received the reports. The Chair noted Project CF105 Fingal Streetscape and that this was being undertaken by Council rather than being outsourced. The Chair further noted that the appropriate capital recognition can be compromised in this scenario. GM confirmed that he had recently reviewed the project and that capital recognition is being appropriately managed.

Item 9 - Special Reports

Nil

Item 10 – Australian Accounting Standards

As this was a significant component of the Tasmanian Audit Office's Financial Audit Strategy, the matter was considered with Item 12.

Order of Business – Internal Audit

Item 11 – Internal Audit Report

The Panel received the circulated Internal Audit Register. MCS reported verbally that no internal audits have been undertaken since the last meeting and therefore the Contractor Management Audit was outstanding. The fraud awareness activity has also not been undertaken. MCS to ensure these are completed prior to the next Audit Panel meeting.

Order of Business – External Audit

Item 12 – External Audit Report

Mr Rob Luciano, Director of Financial Audit Services, Tasmanian Audit Office attended the meeting by phone and worked through the Financial Audit Strategy, responding to questions of the Panel and particularly:

- Noted a focus on levels of cash holdings
- Explained the approach to materiality
- Noted the timing of audit milestones
- Discussed relevant accounting standard changes
- Noted key audit matters, due to the nature of local government, these tend to be the same each year and for each Council, particularly the approach to the valuation and depreciation of assets

The Audit Panel received the verbal report and the circulated Financial Audit Strategy

Order of Business – Risk Management and Compliance

Item 13 – Monitoring Ethical Standards ... to determine adequacy of systems of control ...

GM noted the focus of the organisation since the development and adoption of the Strategic Plan was the simultaneous development and adoption of organisational values. The subsequent focus was acceptance of the values at an organisational level and more recently the understanding and adoption of the values at a department and team level. This has included smaller departments and teams for larger departments identifying specific

actions to improve alignment of behaviours with organisational values. GM, supported by MCS, confirmed that this approach has been towards cultural change including ethical and appropriate behaviour, that is, the organisational value of Integrity. GM also noted a review of the Code of Conduct currently underway will refresh awareness of appropriate behaviours.

Item 14 – Internal and Fraud Controls

GM and MCS confirmed no incidents, claims or notifiable events

Order of Business – Audit Panel Performance

Item 15 - Report to Council on Execution of Duties

The Panel received the Chairman’s Report which was circulated and worked through the issues raised. The Panel recommended that Council receive the report and accept the recommendation of the development of a specific Cyber Security Policy.

Item 16 – Audit Panel Performance Review

The meeting considered the circulated performance review report. The meeting considered that the previously identified actions continue to be relevant and appropriate and recommended that report be accepted by Council.

Order of Business – Other Business

Item 17 – Review of Annual Work Plan

The Audit Panel considered the circulated revised Work Plan, noting that the Work Plan for 2018/2019 was quite effective and no systemic changes were identified. The Chair requested a change for the September meeting, coinciding this with the October Council Workshop. The Panel recommended Council approve the Work Plan for 2019/2020.

Item 22 – Other Business

Nil

Item 23 - Meeting Close/Next meeting Date

The meeting closed at 9.30am, the next meeting has been scheduled for 7 October 2019

Break O'Day Council

Annual report of the Audit Panel to the Council for 2018-19

This report explains how the Audit Panel discharged their responsibilities during 2018-19. The report also outlines the Panel's plan for 2019-20.

The key purpose of this report is to: -

- achieve greater awareness of the purpose, role and objectives of the Audit Panel;
- outline the outcomes achieved by the Panel; and
- provide council with information on the future objectives of the Panel.

The Audit Panel currently comprises three members, the independent Chairman in Steven Hernyk plus two Councillors.

The Councillors are Councillor John McGiveron, Councillor John Tucker, who on his resignation from Council was replaced with Councillor Janet Drummond (previously an alternate member). A new alternate member in Councillor Barry LeFevre, was appointed in April 2019.

The objective of the Audit Panel is to review Council's performance under section 85A of the Act. In particular, the Panel must review:

- the Council's financial system, financial governance arrangements and financial management
- all plans of the Council (including strategic, financial management, and asset management plans)
- the accounting, internal control, anti-fraud and anti-corruption, risk managed policies, systems and controls that the Council has in place to safeguard its long-term financial position; and
- any other matters specified in an order under section 85B of the Act.

These functions are set out in detail in the Audit Panel Charter that was adopted by the Council in December 2014, amended in August 2016 and again in October 2018 consequent to reviews.

Council's external auditor, the Tasmanian Audit Office (TAO), attended meetings with the Panel and separately with the Chairman during the year. The Audit Panel considered all reports from the TAO on their activities undertaken in reviewing and auditing the internal control environment. The independent audit of the annual financial statements of the Council for 2018 was reviewed by the Audit Panel.

Key Activities in 2018-19

Audit Panel:

- Developed and approved the panel's annual work plan for 2018-19
- Reviewed the external audit strategy for financial year 2018-19
- Reviewed the accounting policies and draft financial report for the year ended 30 June 2018
- Monitored the effectiveness of Council's risk management processes and controls, including a review of the insurance portfolio
- Received regulatory updates to maintain current knowledge of contemporary governance practice and legislative requirements
- The Chairman attend external seminars on governance and audit presented by the Tasmanian Audit Office and LGAT.
- The Chairman convened a meeting of other Audit Panel Chairman in Northern Tasmania to discuss issues that existed and best practice matters.

Program for 2019-20

Recently the Audit Panel reviewed its work program for 2019-20. The program is based on the functions listed in the charter and on priorities drawn from Council's Annual Plan. Key functions for the year ahead include:

- Monitor Council's risk management processes and controls
- Monitor the 2019-20 external audit process and the internal audit work program
- Review the annual financial statements and accounting policies for the financial year 2018-19
- Evaluate the performance of external auditors

Given the maturity of the Panel, some functions that were being addressed at each meeting have been re-scheduled to now occur only once or twice a year e.g. the review of the Council Annual Plan.

Other Matters

1. Local Government Act

Arising from amendments to the Local Government Act 1993, Local Government Audit Panel Guidelines have been revised by the Local Government Division of the Department of Premier and Cabinet in collaboration with The Tasmanian Audit office and the Local Government Association of Tasmania.

In addition to the issuance of these guidelines, a "Model Code of Conduct for Members of the Audit Panel" issued and a "Model Audit Panel Charter" was revised to reflect all additional material in the guidelines.

I Recommend that the "Audit Panel Working Group" comprising representatives from George Town, Meander Valley, West Tamar and the Break O'Day Councils convene to consider making changes to the Audit Panel Charter.

Following that meeting, the Council in October 2018, endorsed changes and a revised Charter with a Code of Conduct (as an annexure to the Charter) was adopted

2. Internal Audit

It is pleasing to report that the level of internal audit activity is being enhanced within the council with the intent to utilise an external provider in the coming year.

Internal audit activity enables Management and the Council to have greater assurance that there is compliance with policy procedure and internal control.

Also, the Audit Panel is charged with dealing with many matters but without a robust internal audit function, its ability to fulfil its responsibilities is restricted.

3. Risk and Control Framework

Whilst "Cyber risk is flagged by Council as a "medium" risk, the recent acceleration of "Cyber" fraud now makes it a "Whole of Business" risk management issue.

"Data fraud or theft" and "Cyber-attacks" are ranked four and five in the 2019 World Economic Forum of Global Risks. The Tasmanian State Government have elevated management of these risks and so should Local Government.

I recommend to Council to put in place a new Cyber Security Policy to address this elevated risk.

4. Audit Panel Work Plan for 2019-20

Attached to this report is the proposed work plan of the Audit Panel for the next twelve months. The Audit Panel's meeting in June 2019 recommended this work plan to Council for approval.

5. Performance Review of the Panel.

The panel conducted a formal performance review in 2017 that identified areas where the Panel believe improvement could be achieved. The Panel developed an action plan from this review and each year since revisited the matters highlighted in the review as well as assessing ongoing performance.

Attendance record

The audit panel meeting and attendance record was: -

| Attendance | Possible | Actual |
|----------------|----------|--------|
| Steven Hernyk | 4 | 4 |
| John McGiveron | 4 | 4 |
| John Tucker | 3 | 1 |
| Janet Drummond | 1 | 1 |

I commend my fellow Panel members for their contributions and thanks also to the Management Team who provided strong support the Audit Panel.

Steven Hernyk

Chairperson
Audit Panel

FOR ACTION

AGENDA ITEM NO.

MEETING DATE: 24 June 2019

SUBJECT: **Audit Panel Performance Review**

REPORT FROM: Steven Heryk – Chairman of panel

OBJECTIVE

To review performance of the Audit Panel in general and the past suggest performance improvement actions identified.

REPORT SUMMARY

BACKGROUND

The Panel undertook a formal performance evaluation for the June 2017 Audit Panel meeting and reviewed its performance and identified improvement actions in 2018.

ACTIONS PROPOSED

- Panel members to consider attendances at seminars provided by Tas Audit Office and LGAT to improve knowledge.
- Management to consider benchmarking of Council performance and ratios with peers after release of Annual Financials of Councils and TAO report to Parliament.
- Agenda for meetings to contain at least annually an item that facilitates private sessions with External Auditors and Panel is to enquire of management the depth of experience and sufficiency of Council staff.
- Panel members to discuss inter-relationship of external and internal audit activities and year end external audit adjustments and processes followed by external audit.
- Panel annual work plan to incorporate presentation of any outside consultant reports for Panel information
- Panel continue to make periodical enquiry that there is evidence via such sources as supporting documents and representations that reflect Management reinforcement of ethical culture e.g. extracts of management/team meetings, management report to the Panel meetings of relevant incident reporting/ whistle-blower/notifications dealing with possible fraudulent activity/code of conduct breaches/non-compliance with legislation.

REVIEW OF ACTIONS

- Via discussion at this meeting Panel members to canvas implementation of above performance areas and
- Identify further areas that may enhance its performance

RECOMMENDATION

The Audit Panel recommends that the actions proposed be adopted and reported to Council.

DECISION

07/19.13.0 WORKS AND INFRASTRUCTURE

07/19.13.1 Works and Infrastructure Report

| ACTION | INFORMATION |
|----------------------------------|--|
| PROPONENT | Council Officer |
| OFFICER | David Jolly, Manager Infrastructure and Development Services |
| FILE REFERENCE | 014\002\001\ |
| ASSOCIATED REPORTS AND DOCUMENTS | Nil |

OFFICER'S RECOMMENDATION:

That the report be received by Council.

INTRODUCTION:

This is a monthly summary update of the works undertaken through the Works and Infrastructure Department for the previous month and a summary of the works proposed for the coming month, and information on other items relating to Council's infrastructure assets and capital works programs.

PREVIOUS COUNCIL CONSIDERATION:

Provided as a monthly report – Council consideration at previous meetings.

OFFICER'S REPORT:

OUTSTANDING REPORTS:

| Motion Number | Meeting Date | Council Decision | Comments |
|----------------|---------------|---|--|
| 04/18.16.4.102 | 16 April 2018 | <ol style="list-style-type: none"> Pursuant to section 14 of the <i>Local Government (Highways) Act 1982 (the Act)</i>, for the Council to discuss and consider the closure of the following assets for the public benefit due to "lack of use". <ol style="list-style-type: none"> The closure of Bridge 3462 over the George River providing current access to Yosts Flat. The closure of Grimstones Road from chainage 910m to end of road at chainage 4,680m. resolves that the part of Grimstones Road, Goshen as marked on the plan annexed and marked "A" should be closed to all traffic for the public benefit. Council delegates its functions and powers pursuant to section 14(1)(b) of the Act to the General Manager and authorises the General Manager to take such steps as may be necessary to comply with each of the requirements of that section in relation to the closure of Bridge 3462 over the George River providing current access to Yosts Flat and the closure of Grimstones Road from chainage 910m to end of road at chainage 4,680m. | In-progress. Refer to Closed Council Resolution 11/18.17.3. |

| Motion Number | Meeting Date | Council Decision | Comments |
|----------------------|---------------------|---|---|
| 11/18.8.5.247 | 19 November 2018 | <i>A report is sought providing advice in accordance with the requirements of Section 65 of the Local Government Act 1993 for the information of Council at a future meeting and consider any advice as required from relevant State Agencies:</i> That Council explore opportunities of providing 2 - 6 free rubbish vouchers or something similar to every ratepayer to be used throughout that rateable year. | In progress. |
| 04/19.8.2.68 | 15 April 2019 | <i>A report is sought providing advice in accordance with the requirements of Section 65 of the Local Government Act 1993 for the information of Council at a future meeting and consider any advice given by a person who has the qualifications or experience necessary to give such advice, information or recommendation:</i> i. That Council allocate money to replace the picnic table at the river area in Fingal in front of the old Magistrates House. ii. That Council consider tidying up the area which residents use to access a swimming place in the river. This could include cutting back or removing vegetation and improving the steps down to the area. | In Progress Customer Service Request raised and will be addressed before summer. |
| 04/19.13.5.84 | 15 April 2019 | That Council receive this report and the recommendation made to develop a policy position for the provision of Water Refill Stations (WRS's) in public open spaces that include a clear set of performance criteria that must be satisfied before a decision is made to install a WRS. | To be actioned. |
| 06/19.8.2.132 | 24 June 2019 | <i>A report is sought providing advice in accordance with the requirements of Section 65 of the Local Government Act 1993 for the information of Council at a future meeting and consider any advice given by a person who has the qualifications or experience necessary to give such advice, information or recommendation:</i> That Council consider the establishment and fund allocation for the creation of a disabled parking bay, and relevant signage, at the rear of the toilets at the Fingal public toilet facility, and a new pathway into the toilet block. | To be actioned. |

COMPLETED REPORTS:

| Motion Number | Meeting Date | Council Decision | Comments |
|----------------------|---------------------|---|--|
| 11/18.13.5.260 | 19 November 2018 | That Council defer a decision to extending the free green waste days to all year-round at all waste disposal sites that are set up to accept green waste until green waste composting is validated and a cost benefit model determined and reported to Council. | Completed, report prepared for July Council meeting. |
| 06/19.13.4.142 | 24 June 2019 | That Council confirm a financial commitment not exceeding \$35,000 towards the installation of an in-ground irrigation system for the St Helens Football Ground in the 2019-2020 financial year. | Completed. |

Facilities Maintenance

Facility maintenance is an ongoing activity. During the month facility maintenance included the following tasks:

- Preventative Maintenance (PM) inspections of Council owned buildings and playgrounds.
- Maintenance identified during PM inspection and notified via Customer Service Requests.

Towns and Parks Maintenance

- Mowing/ground maintenance – all areas.
- Garden/tree maintenance and weeding where required.
- St Helens Football Ground – playing surface maintenance.

Road Maintenance

- Sealed road patching – all areas.
- Unsealed road Maintenance – Policemen’s Point, Eddystone Point, Falmouth Streets.
- Traffic Signage replacement – damaged and removed signs.
- Roadside tree maintenance.

Unsealed Road Re-sheeting

- Works completed for Falmouth streets, Deals Road and Matson’s Road.

Bridge Maintenance

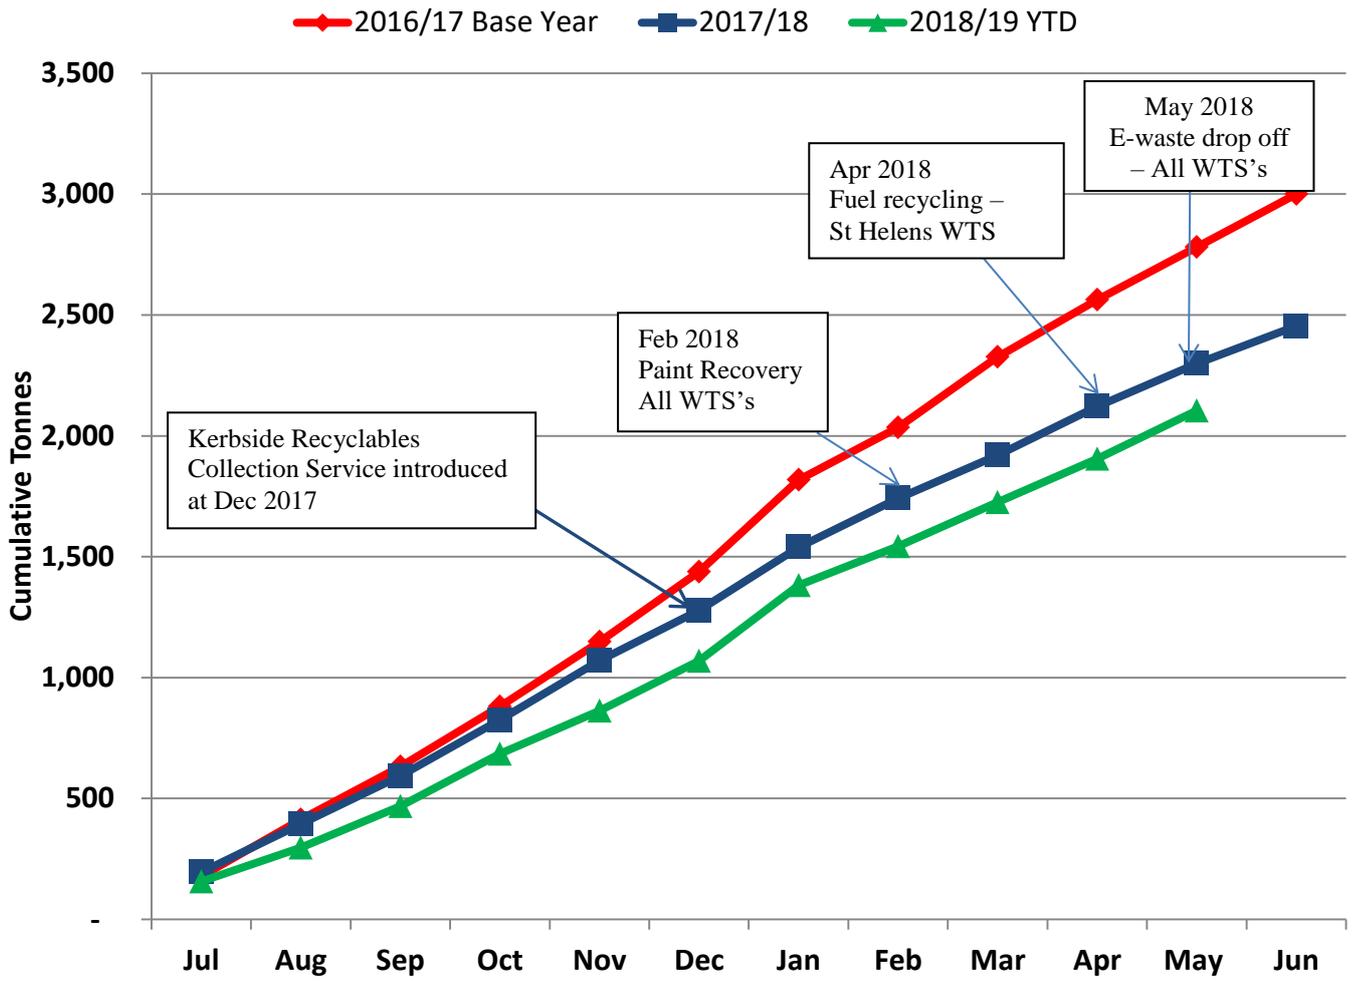

- Timber bridge maintenance activity occurring, multiple sites.
- Load limit on Bridge 2191 at Fletchers Creek on Reid’s Road reduced to 5 tonnes, due to being significantly damaged by an unidentified over-mass vehicle. The incident has been reported to the National Heavy vehicle Regulator and State Growth. An engineering solution and remediation costs are currently being investigated.

Waste Management

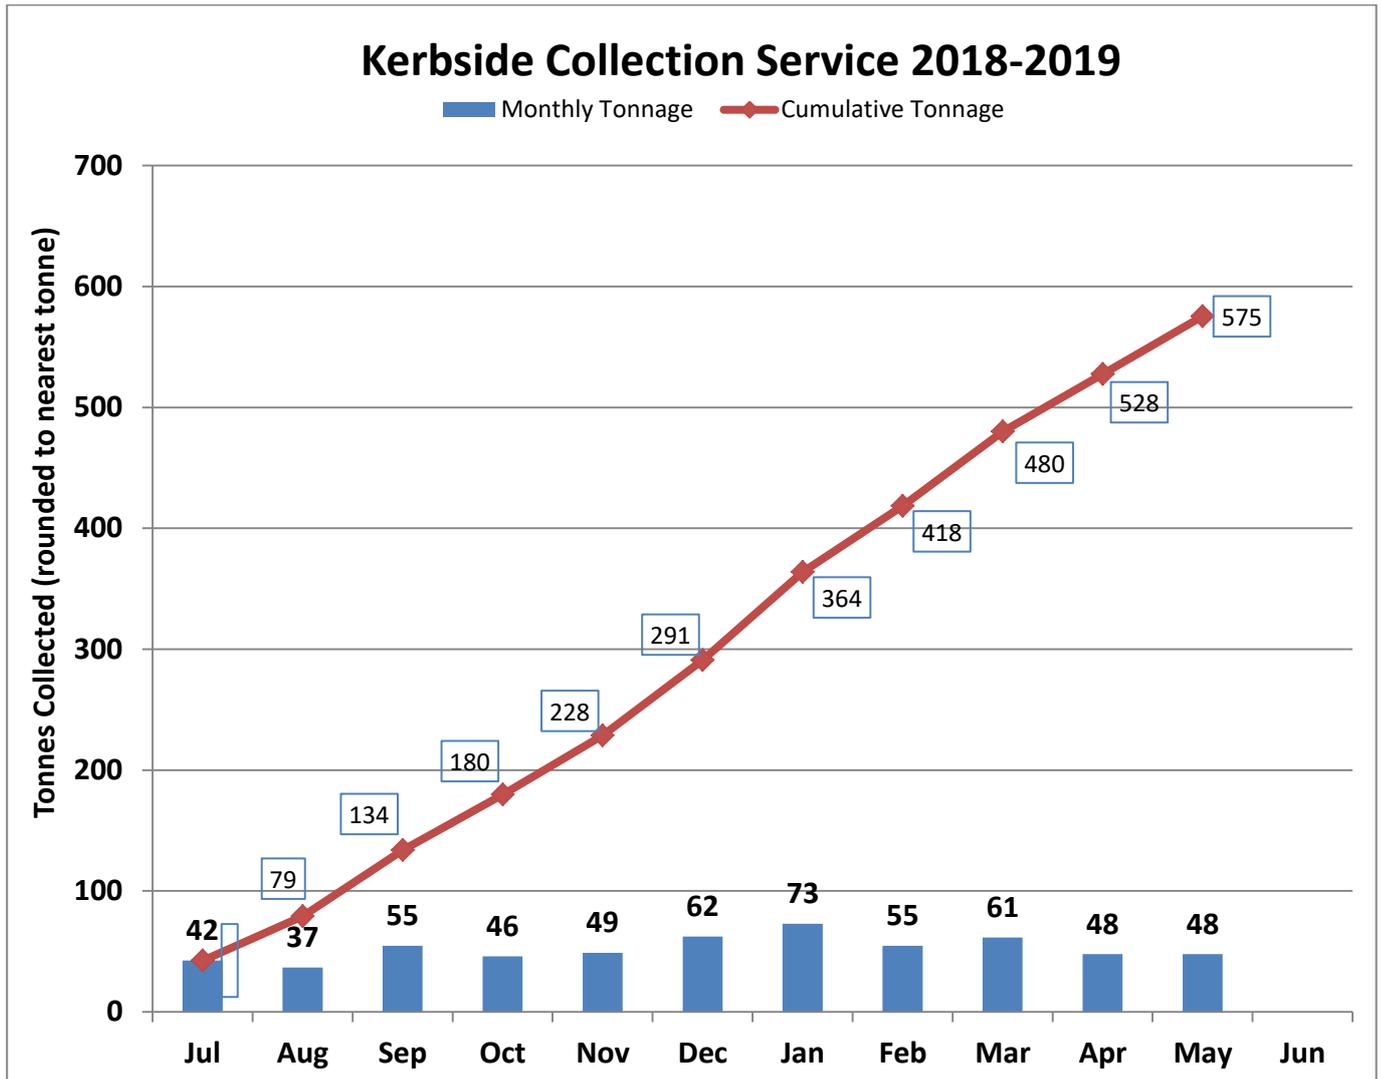

- Town Litter Collection Service Tender readvertised. Closing time and date is 2pm, Wednesday 3 July 2019.
- Weldborough General Waste Bin and site - a new incident of asbestos containing material illegally dumped in the general waste bin. There is a cost burden to ratepayers to recover and dispose of asbestos containing materials and an unacceptable health and safety risk to Council staff in the handling of these materials.

Other household appliances and building materials continue to be illegally dumped at the site, noting that the site was cleaned and decontaminated (asbestos) by Council during May costing ratepayers \$26,000.

General Waste to Copping Landfill – to May 2019

Collected Kerbside Recyclables transported to JJ Richards, Launceston Year to May 2019

CAPITAL WORKS

| Project Code | Details | 2018-2019 Budget | Project Update |
|----------------------|--------------------------------------|------------------|--|
| CD655 | Implement SWMP priorities | 162,500 | In progress. |
| CD830B | Jetty Upgrade – Cunningham Street | | Construction Phase – MAST funded. Expected July completion |
| END OF REPORT | | | |

LEGISLATION / STRATEGIC PLAN & POLICIES:

Strategic Plan 2017-2027

Goal

Infrastructure - To provide quality infrastructure which enhances the liveability and viability of our communities for residents and visitors.

Strategy

- Be proactive infrastructure managers by anticipating and responding to the growing and changing needs of the community and the area.
- Work with stakeholders to ensure the community can access the infrastructure necessary to maintain their lifestyle.
- Develop and maintain infrastructure assets in line with affordable long-term strategies.

BUDGET AND FINANCIAL IMPLICATIONS:

Not applicable.

VOTING REQUIREMENTS:

Simple Majority.

| ACTION | INFORMATION |

| ASSOCIATED REPORTS AND DOCUMENTS | Nil |

OFFICER'S RECOMMENDATION:

That the report be received by Council.

INTRODUCTION:

This is a monthly update for animal control undertaken since the last meeting of Council.

PREVIOUS COUNCIL CONSIDERATION:

Provided as a monthly report – Council consideration at previous meetings.

OFFICER'S REPORT:

This is a monthly update of the complaints and work that has been done and the action that has been taken for each complaint for the month of June 2019:

3 June 2019

- Animal Control Officer spoke with complainant about barking dog from Tully Street, St Helens who advised the barking is continuing when the owner is not home mostly in the mornings. Spoke with the dog owner and let him know that the barking is getting worse again and that Council will monitor very closely over the next two (2) weeks and if barking continues he will need to purchase a bark collar and abatements will be issued. Complainant was asked to keep accurate bark diary over the next two (2) weeks – monitor.

7 June 2019

- St Helens Patrol – main street area.
- Conducted another bark monitor at a property in Tully Street, St Helens.
 - 8am to 8.15am - dog present at front gate. 8.10am barked for 2 minutes when a person walked past with a dog.
 - 11.09am to 11.30am – no barking when arrived. 11.19am barking for 3 minutes constant at nothing. 11.27am barking for 2 minutes at maybe a barking dog in the distance.
- Animal Control Officer received a report from Housing Tasmania about an inspection at a property in St Marys and notified Council that there are three (3) dogs currently at the property and they are not happy with the amount of dog faeces present in the yard. Housing Tasmania will be writing to the tenants giving them a fortnight to clean up the mess. Council will also be giving them a month to register 3rd dog and apply for a kennel licence.

- Animal Control Officer received a call regarding sheep in Cornwall that have been on the road constantly for several weeks now. The complainant advised he had spoken to the owner who is not really phased and that the issue is the fences which are in dire need of repair. Animal Control Officer spoke with the owner of the sheep and had a long discussion. She advised she is having major issues with people cutting her fences and letting her sheep out and also burglaries at her address. The Police are currently investigating.
- Received a report that a dog was at large again from a property in Cornwall. The complainant sent through photos and a caution notice had been previously issued. Infringement issued for dog at large \$163.

14 June 2019

- Animal Control Officer received a call from a resident in Beaumaris who advised there were two (2) dogs at large on the beach that morning between dark hollow and ring rock. She advised she has seen the dogs wandering on numerous occasions.
- Animal Control Officer heard that a new resident had just moved into a property in Medea Cove Esplanade, St Helens with two (2) dogs and that they were involved in a dog attack on another dog. Apparently the dogs came out of their yard and crossed the road and savaged an older dog but no one has reported anything. Notice being sent to register dogs and will monitor and ask more questions.
- Monitored a property in Tully Street, St Helens again but no barking. Spoke to a man from a neighbouring property who advised the barking is a problem at times but he is used to it and works away.
- Animal Control Officer received a report of a sheep attack on the 11 June, six (6) lambs and one (1) ewe killed at a property in Clover Banks Road, St Marys. There was a previous attack with three (3) ewes and one (1) lamb killed that wasn't reported. It is believed it is small dogs as all the injuries are low on the sheep. Dogs from a property in Elephant Pass Road, St Marys have been seen regularly in small packs wandering around the property and the area in general (seen by many residents). Complainant has just placed several trail motion sensor cameras in and around his property to try and catch the culprits. Animal Control Officer asked complainant to warn all close neighbours of the incidents. Animal Control Officer went to the property in Elephant Pass Road, St Marys to speak to the owner and was greeted by several dogs. The owner had not responded to Council's previous requests for some time now to discuss dog issues. The owner had three (3) dogs shot a couple of years ago by another farmer after the dogs were caught attacking sheep and Council has been working with her ever since. A further meeting to be arranged to discuss issues.
- A report of a chicken attack that occurred on the 11 June at a property in Dunn Street, Mathinna with one (1) chicken killed and others wounded. A cream and brown Labrador was caught whilst attacking and tied up. Council staff collected and impounded. The owners collected their dogs and registered the 2nd dog and paid impoundment fees and infringements issued for \$652.

21 June 2019

- Animal Control Officer received an email from complainant about barking dog from Tully Street, St Helens who advised the barking has been reduced enough to stop causing her concerns.

- Animal Control Officer had a meeting with the RSPCA inspector in the St Marys area to discuss the dog issues at the property in Elephant Pass Road, St Marys. He advised he will be visiting the property on the 28 June so he can see exactly what is happening and meet the owner of the dogs. He has asked that Council lodge a complaint with the RSPCA so that the issue is recorded in their system. He explained that it will be a long drawn out process to remove the dogs as they have food, water and shelter, however he will be able to provide more detail after his visit.
- Animal Control Officer received a call from a dog owner from Talbot Street, Fingal who reported that his dog had harassed a lady walking past with her two (2) dogs. There has been no complaint but he just wanted Council to know that he has now built a dog run to make sure it doesn't happen again.
- A man had passed away from Frank Street, St Marys and his dog was still present at the property and being fed and looked after by another older gentlemen who asked if Council could help to find a new home for the dog – new home found.

28 June 2019

- St Helens Patrol.
- Animal Control Officer received a complaint from Australia Post about dogs coming to the fence/gate at a property in Halcyon Grove, St Helens barking and showing signs of aggression. The postman feels they could possibly get out and the post office has sent a letter to the property owner. Animal Control Officer did a slow drive by the property and inspected but no one was home and seemed well fenced and dogs tied up internally but it was noted that the barking was extremely bad – monitor.
- Animal Control Officer and RSPCA Officer visited the property in Elephant Pass Road, St Marys but the owner wasn't home and property locked up. The dogs were inside and about 7-8 could be seen in the living room and others could be heard throughout the house. RSPCA notice left to contact ASAP.

LEGISLATION / STRATEGIC PLAN & POLICIES:

Strategic Plan 2017-2027

Goal

Environment - To balance our use of the natural environment to ensure that it is available for future generations to enjoy as we do.

Strategy

Ensure the necessary regulations and information is in place to enable appropriate use and address inappropriate actions.

BUDGET AND FINANCIAL IMPLICATIONS:

Not applicable.

VOTING REQUIREMENTS:

Simple Majority.

| ASSOCIATED REPORTS AND DOCUMENTS | Draft Policy – AM11 Roads Infrastructure Policy |

OFFICER’S RECOMMENDATION:

That Council;

- i) Adopt the amended policy, AM11 Roads Infrastructure.
- ii) Withdraw policy AM17 Road Dust Suppression.

INTRODUCTION:

Council has a schedule for regular review of Policies. This Policy has not been reviewed since it was amended in April 2016.

Proposed policy changes were presented to Councillors for information and discussion at the last Councillor workshop held on 1 July 2019. No items requiring changes to the draft policy were raised.

PREVIOUS COUNCIL CONSIDERATION:

Amended 18 April 2016 – Minute No 04/16.13.4.92.
July 2019 Council Workshop discussion.

OFFICER’S REPORT:

This Policy has not been reviewed since being amended in April 2016.

The redrafted policy includes minor grammatical amendments and the merging of Policy AM17 Road Dust Suppression.

It is recommended;

- That Council adopt the amended policy, AM11 Roads Infrastructure
- That Council withdraw policy AM17 Road Dust Suppression.

STRATEGIC PLAN & ANNUAL PLAN:

Strategic Plan 2017 - 2027

Goal

Infrastructure - To provide quality infrastructure which enhances the liveability and viability of our communities for residents and visitors.

Strategies

- Be proactive infrastructure managers by anticipating and responding to the growing and changing needs of the community and the area.
- Work with stakeholders to ensure the community can access the infrastructure necessary to maintain their lifestyle.
- Develop and maintain infrastructure assets in line with affordable long-term strategies.

POLICY

1. SCOPE PROCEDURES

This policy applies only to the management of all constructed and defined urban and rural roads listed in Road Council's Register.

Formatted: Normal, Indent: Left: 1.27 cm, No bullets or numbering

Formatted: Normal, No bullets or numbering

1.

Formatted: Font: (Default) Arial

Road Register 2. ROAD REGISTER

Council shall maintain a current Road Register that includes detail of all roads and streets that Council manages through historical agreement, lease arrangement and legal transfer to the Council.

~~Details of Councils roads and streets are kept in the roads and streets register which includes all roads and streets Council has historically agreed to be responsible for.~~

Formatted: Strikethrough

Any person wishing to apply for a road to be included on the Register must make a written submission ~~submit the details in writing to the Manager of Works and Infrastructure & Development Services, outlining the rationale for inclusion in the register and provide full engineering detail of the road asset outlined in the relevant sections of the LGAT Standard Drawings for road assets.~~

Formatted: Strikethrough

Formatted: Strikethrough

~~After meeting submission requirements, the road shall be inspected by an assigned Council Officer after which who will inspect it and then submit a report on the request a report will be prepared to for consideration by the Council.~~

Formatted: Strikethrough

Formatted: Strikethrough

~~-The report shall provide detail on road use defined by AustRoads 94 criterion, Average Daily Traffic Count, current road condition, known road hazards, the cost(s) associated with upgrading the road to required standard, and an life cycle cost analysis and a feasibility recommendation.~~

Formatted: Strikethrough

Formatted: Strikethrough

In the event that Council endorses a recommendation to accept a transfer of a road to the Council, the legislative processes to formalise a transfer of road ownership stated on the Local Government (Highways) Act 1982 apply.

The person(s) that made the original request to the Council shall meet all agreed costs associated with a transfer of a road to the Council; that includes:

- ~~• Land Survey~~
- ~~• Legal Costs associated with the transfer of title of the road asset~~
- ~~• Transfer title ownership of the land area occupied by a/the road reserve to the Council at cost to the developer.~~
- ~~• The cost to upgrade a road to comply at minimum with the road standards stated in the LGAT Standard Drawing suite and the maintenance and repair of any defect during a twelve month defects liability period.~~

Formatted: List Paragraph, Bulleted + Level: 1 + Aligned at: 0.63 cm + Indent at: 1.27 cm

Formatted: Font: (Default) Arial

Formatted: Normal, Indent: Left: 1.27 cm, No bullets or numbering

Formatted: Bulleted + Level: 1 + Aligned at: 0.63 cm + Indent at: 1.27 cm

Formatted: List Paragraph, Bulleted + Level: 1 + Aligned at: 0.74 cm + Indent at: 1.38 cm

Formatted: Font: (Default) Arial

Formatted: Font: (Default) Arial

~~will assess the possibility or otherwise of the road being upgraded to a reasonable standard that doesn't put Council in an abnormal risk situation.~~

Formatted: Strikethrough

Where the Manager Infrastructure & Development Services Manager advises that a proposed road transfer is deemed to be unviable, Council is under no obligation to agree to a transfer of road ownership to the Council. In this event, if, in the Manager of Works and Infrastructures opinion, this is not possible or feasible then An alternative proposal such as a private work arrangement may be presented to Council which would allow the road/street to be improved without incurring any cost and/or ownership obligations on Council.

Formatted: Strikethrough

Formatted: Strikethrough

If Council agrees to a private works the proposal, the person(s) ~~or persons that who~~ made the original request ~~is required to must~~ meet all the agreed costs of work in advance and acknowledge

in writing that the works do not constitute ~~either an actual or implied~~ "Council maintenance ownership or ongoing maintenance responsibility" of the road or street.

If the road or street can be upgraded to an acceptable standard ~~then a clear specification for the works will be issued by the Manager of Works and Infrastructure before any work commences. The applicable parts of LGAT Standard Drawings relating to road infrastructure shall be adhered to as a minimum standard.~~

Formatted: Strikethrough

Upgrade/remediation ~~These~~ works will be subject to an inspection regime with key hold point during the work and a-and final inspections by Council Officers.

~~The works may require a Development Application be finalised in advance and the Planning Department should be consulted.~~

Upgrade works on private roads may be subject to planning assessment where applicable fees and charges apply.

Property Access from Road 3. PROPERTY ACCESS

New Property Access

The construction of a new access from certain land to a road is the responsibility of the land owner.

Access construction shall meet at minimum the vehicular access requirements detailed in the LGAT Standard Drawings and applies to,

Formatted: Font: Not Bold, Not Italic

~~The access from a Council road or street to the property line is the owner's responsibility any remedial work required will be at the owner's expense. The guidelines for construction of a vehicle access where a lot has frontage to a local highway or reserved road are;~~

- (a) ~~Where a lot has frontage to a local highway maintainable by the Council, the owner or developer is required to construct a vehicle access from the carriageway to the lot boundary to the satisfaction of the Manager Works & Infrastructure.~~
- (b) ~~Where a lot has frontage to a reserved road, either unmade or not maintainable by the Council, and this is the only means of vehicular access, then the owner or developer is required to construct a road from the Council-maintained road to the property boundary to a standard as determined by the Manager Works and Infrastructure. (This would normally be to the standard of the adjoining Council road.)~~
- (c) ~~Where a right-of-way is to be the means of vehicular access to a lot then it shall not be over land required as the sole or principle means of access to any other land, shall connect to a local highway maintainable by the Council, and it shall be constructed by the owner or developer to a standard as determined by the Manager Works and Infrastructure. (This would normally be an all-weather single lane gravel carriageway.)~~

Formatted: Strikethrough

Maintenance and Repair of Vehicular Access

Section 16AA of the Roads and Jetties Act applies, where the owner of the land is responsible for the maintenance and repair of the whole of the vehicular access.

4. FENCING

All fencing on road reservations within a road reservation is the adjoining owner's responsibility to install and maintain. Where fences have been erected are within Council road reservations the owner may be notified to remove the fence and to correct the fence alignment otherwise the Council reserves the right to Council can have the road reserve property surveyed and to relocate the fence at the total cost of to the land owner.

Formatted: Strikethrough

5. WORKING WITHIN A ROAD RESERVATION

An application for a permit to carry out works in a road reservation shall be made at least ten (10) working days in advance of intended work. Work is not permitted to occur prior to the issue of a permit.

Formatted: Strikethrough

Formatted: Strikethrough

Works shall be undertaken in accordance with specified permit terms and conditions.

Utility providers are exempted from this requirement under relevant legislation.

Council must be notified at least fourteen seven (147) days in advance before of intended work in a Council road reservation any works are carried out in a road or street reservation

Formatted: Strikethrough

and a permit issued if one is required.

6. SUBDIVISION ROAD Construction Standards

All types of roads and streets being developed for New subdivision roads are to be constructed at minimum in accordance with the LGAT Standard Drawings suite and construction inspected and certified as being compliant by a certified practicing civil engineer.

Formatted: Strikethrough

Developers will be provided with hold point inspection and asset documentation that form part of the Planning Conditions issued to developers. Information requirements must be fully satisfied prior to Council accepting ownership of a subdivision road asset.

Where a new subdivision road will be transferred to the Council, the developer shall be required to:

- a) Maintain and correct asset defects at cost to the developer for a maintenance period of one (1) year after a Practical Completion Certificate is issued
- b) Provide Council with a full set of "as-constructed drawings" including the location of utility services and pavement testing reports prior to Council accepting ownership of a new road asset.
- c) Transfer title ownership of the land area used to create a new road reserve to the Council at cost to the developer.

Formatted: Strikethrough

with in the Standard Municipal drawings (as amended by Break O'Day Council) in a professional workmanlike manner with proper attention being given to all aspects of the construction phases such as excavation, bedding material, bedding compaction, finished profile, final compaction etc., to the satisfaction of Council's Manager Works and Infrastructure or nominated inspector and in accordance with standard or approved testing procedures. No construction of subdivision involving significant works can commence until the plans of construction are approved by Manager Works

and Infrastructure. No subdivisional works involving several blocks in serviced areas will be taken over until complete, accurate as constructed plans in an acceptable format are delivered to Council.

7. NEW WORKS BY COUNCIL*New Works*

New roads to be constructed by the Council shall at minimum comply with LGAT Standard Drawings

New road assets shall be fully costed and constructed within approved capital budgets.

~~Council's works will be designed within budget constraints to adequately meet normal user requirements.~~

Formatted: Strikethrough

Scheduling of New Works or Reconstruction*Capital Works (Roads)*

All construction or reconstruction of roads and street's construction activity shall be in accordance with the Council's approved capital works program as adopted in Council's budget.

8. DUST SUPPRESSION – UNSEALED ROADS

Dust suppression may be applied on Council's unsealed roads through the employment of any one of the following methods:

Formatted: Font: Not Bold, Not Italic

Formatted: Font: Not Bold, Not Italic

- (i) Dust suppression using a chemical binding agent to bind a gravel pavement and minimise dust generation from moving vehicles.
- (ii) _____
- (iii) or (ii) Full reconstruction of a road section, including new gravel materials, reconstruct and compact, and bitumen seal new road pavement.

Asset Management

Road Classifications

For the purpose of employing sound asset management practices for long-term financial planning, maintenance scheduling and mitigating risk, Council's

Formatted: Font: Not Bold, Not Italic

For long term planning, maintenance programming and Risk Management issues all Councils roads, streets footpaths and parks are given a classification rating. Classification is assigned using the following criterion: A road or street is classified by a number of criteria including:

Formatted: Strikethrough

Formatted: Strikethrough

- Annual Average Traffic – based on measured vehicle counts~~Traffic counts.~~
- Standard of e Construction Standard of existing and new road assets
- Type of traffic Vehicle Classification (AustRoads 94) definition – type and class of vehicles using a road
- Road function - Whether a road it serves as an arterial, collector or connects with high use roads.
- Seasonal variable - Whether the road is subject to there is high seasonal or tourist use

Class 1

Fully developed urban street
Major rural road (sealed)
Carries heavy commercial traffic
Vehicle count greater than >2000 Vehicles per Day (VPD)
Major tourist destination or route
Major ~~collector street~~Collector Street in urban area

Class 2

Fully developed urban street
Rural collector road sealed or unsealed
Vehicle count >1000 per day <2000 VPD
Major tourist destination or route
Seasonal high traffic counts
Collector ~~street~~Street in urban area
Major car park
Carries heavy commercial traffic

Class 3

Full developed urban street
Minor urban collector street
Vehicle count >100 per day <1000 VPD
Rural collector or through road sealed or unsealed

General use car park
Minor tourist traffic
Minor commercial traffic

Class 4

Minor urban street sealed or unsealed
Gravel surfaced rural road
Not a through road
Minor commercial traffic
Vehicle count <100 VPD
Minor Car park

Class 5

Basically unformed
Minimal or no drainage
Basically no pavement
Poor alignment
Track in a road reservation
Inspections

Council will endeavour to carry out inspections of all roads that shall be carried out in accordance with the following regime.

- Class 1 - every six (6) months or at least two (2) times per year
- Class 2 - every twelve (12) months or after major events such as floods, fires or storms
- Class 3 and 4 every three (3) to five (5) years or after major events such as floods, fires or storms
- Class 5 every three (3) to five (5) years or after major events such as floods, fires or storms. However classifications will be a factor in the type and degree of repair/maintenance e.g. a remote, single user rural road won't be extensively guide posted and scattered potholes would be less urgent than on a major road. All roads and streets regardless of classification should be inspected for the following:
 - ~~Large~~ Large Pot holes
 - Clusters of small/medium potholes
 - Pavement failure
 - Excessive corrugations
 - Excessive degree of loose gravel
 - Broken or exposed culverts
 - Loose or broken planks on bridges
 - Shoulders washed out or eroded
 - Reverse super-elevation on corners
 - Gutters on shoulders
 - Side drain washed out
 - Side drain blocked up
 - Vision obstructed on corners
 - Trees leaning/dangerous
 - Edge slashing needed
 - Culverts blocked
 - Guide posts needed/missing
 - Signs needed/missing/damaged

2. MONITORING AND REVIEW

This Policy will be reviewed every three (3) years in line with the Council's Policy Framework or earlier in the event of major changes to legislation or related policies, procedures of if deemed necessary by the General Manager.

07/19.13.4 Extension of Free Green Waste Days

| | |
|---|--|
| ACTION | DECISION |
| PROPONENT | Council Officer |
| OFFICER | David Jolly, Manager Infrastructure and Development Services |
| FILE REFERENCE | 033\046\001\ |
| ASSOCIATED REPORTS AND DOCUMENTS | Council Decision 11/18.13.5.260 - November 2018 Ordinary Meeting if Council 10/17.8.2 Notice of Motion – Free Green Waste Disposal – Clr J Drummond |

OFFICER'S RECOMMENDATION:

That Council do not extend the free green waste days to all year-round at all waste disposal sites that are set up to accept green waste.

INTRODUCTION:

This report outlines the operational cost ramification associated with an extension of the free green waste days to all year-round at all waste disposal sites that are set up to accept green waste.

PREVIOUS COUNCIL CONSIDERATION:

11/18.13.5.260 Moved: Clr K Wright / Seconded: Clr J Tucker

That Council defer a decision to extending the free green waste days to all year-round at all waste disposal sites that are set up to accept green waste until green waste composting is validated and a cost benefit model determined and reported to Council.

CARRIED UNANIMOUSLY

July 2019 Council Workshop discussion.

OFFICER'S REPORT:

Background Information

At the ordinary Meeting of Council on Monday 16 October 2017 the following Notice of Motion was raised by Clr J Drummond: 10/17.8.2 Notice of Motion – Free Green Waste Disposal – Clr J Drummond.

“MOTION: A report is sought providing advice in accordance with the requirements of Section 65 of the Local Government Act 1993 for the information of Council at a future meeting, and consider any advice as required from relevant State Agencies:

That Council extend the free green waste days to all year-round at all waste disposal sites that are set up to accept green waste.

SUBMISSION IN SUPPORT OF MOTION: Following a recent NRM Special Committee Meeting I request that Council act on a recommendation from that Committee.

The meeting noted that the free green waste days at Council's waste management sites assists greatly in mitigating against illegal dumping of green waste into bushland. The meeting considered that an expansion of free green waste service would be valuable. The extension of free green waste days to all year-round, would assist in reducing the fuel load with regard to increased bush fire risk and also in reducing of spreading of weeds into bushland.

This is a sentiment which I hear echoed by the community quite frequently. I believe it would assist in reducing potential fire hazards and in weed management in the municipality, whilst encouraging greater yard maintenance by residents, knowing that they could dispose of green waste freely, rather than allowing large piles of green waste to sit around in residential gardens until free waste disposal comes around, or burning off and causing potential fire hazards close to their own homes".

MEETING DISCUSSION:

- *Clr J Tucker stated that he believes that this is quite a good motion, what is the difference with having it all year round unless there is a great cost. See this as reducing fuel load and weeds.*
- *Clr Drummond stated that by reducing weed spread in the municipality as well as fuel load that this should not be a huge cost to Council.*

COUNCIL DECISION: 10/17.8.2.219 Moved: Clr J Drummond / Seconded: Clr J Tucker

A report is sought providing advice in accordance with the requirements of Section 65 of the Local Government Act 1993 for the information of Council at a future meeting, and consider any advice as required from relevant State Agencies.

That Council extend the free green waste days to all year-round at all waste disposal sites that are set up to accept green waste.

CARRIED UNANIMOUSLY

NRM Special Committee Meeting – 13 July 2017

At the NRM Special Committee Meeting of 13 July 2017 the committee made a recommendation that Council extend the free green waste days to being all year and ongoing for all waste disposal sites.

The basis for the recommendation stemmed from a discussion of weed management as a municipal environmental sustainability issue where the meeting noted that the free green waste days at Council's waste management sites assist greatly in mitigating against illegal dumping of green waste in bushland that spreads weeds. The meeting considered that an expansion of free green waste service would be valuable.

The committee has not provided additional or supportive information related to studies undertaken, referenced or data analysis validating the quantum of illegal dumping occurring with the recommendation made to the Council.

Waste Transfer Stations – Green Waste Handling

Green waste is currently accepted at the St Helens, Fingal, St Marys and Scamander Waste Transfer Stations (WTS). Material received at Fingal represents a low volume and is periodically transported by Council to the St Marys WTS.

Council charges for the disposal of domestic and green waste (separated and unseparated) and all clean domestic green waste. Fees range from \$3 to \$15 depending upon the volume of material being disposed.

The fees are set by the Council to only partially offset the operational cost to handle the large volume of green waste received at the WTS's

Council provides free green waste disposal days at the St Helens, Scamander and St Marys WTS every Sunday from 1 November to 28/29 February.

Stockpiled green waste is periodically mechanically shredded (coarsely mulched), windrowed and aged, after which it is spread as a ground cover at the St Mary's, Scamander and St Helens Waste Transfer Stations (WTS).

Financial Analysis – data recorded YTD 11 June 2019

WTS operational expenses exceeded revenue raised for the period 1 July 2018 to 11 June 2019.

Green waste revenue collected as a gate fee accounts for 21.6% of WTS revenue equating to \$33,922. The cost to produce 5,758m³ of single shredded material during the reporting period was \$50,958, representing 12.4% of WTS expenses.

The current green waste only handling loss YTD is \$17,036.

Table 1: Waste Transfer Station Revenue and Expenses YTD 11 June 2019.

| | YTD 11 June 2019 (\$) | Green Waste Component (\$) | Green Waste Component (%) |
|--------------|-----------------------|----------------------------|---------------------------|
| A: Revenue | 157,000 | 33,922 | 21.6 |
| B: Expenses | 411,000 | 50,958* | 12.4 |
| A - B | (254,000) | (17,036) | 6.7 |

*5,758m³ of single shredded mulch produced.

Extending free green waste days to all year-round at all waste disposal sites that are set up to accept green waste without changing the current green-waste handling process would result in a loss of \$33,922 green waste revenue (gate fees) and increase operating loss from \$254,000 to \$287,922. Refer Table 2.

Table 2: Impact of All Year-Round Free Green Waste Days

| | YTD 11 June 2019 (\$) | YTD 11 June 2019 Green Waste Component (\$) | Free Year Round Green Waste Component (\$) | Revised YTD 11 June 2019 (\$) |
|--------------|--------------------------|---|--|----------------------------------|
| A: Revenue | 157,000 | 33,922 | 0 | 123,078 |
| B: Expenses | 411,000 | 50,958 | 50,958 | 411,000 |
| A - B | (254,000) | (17,036) | (50,958) | (287,922) |

The predicted loss is not sustainable and would need to be recovered, either by increasing revenue (i.e. increased gate fees and/or resale of mulched green waste) or by decreasing operating expenses (i.e. reducing service level by decreasing the number of days that WTS's are open).

Green waste mulching for resale is currently being investigated with an objective of recovering current green waste handling expense. Trials will conclude in late spring and outcome reported to the Council.

Recommendation

That Council do not extend the free green waste days to all year-round at all waste disposal sites that are set up to accept green waste.

STRATEGIC PLAN & ANNUAL PLAN:

Strategic Plan 2017 – 2027

Goal

Infrastructure – To provide quality infrastructure which enhances the liveability and viability of our communities for residents and visitors.

Strategies

- Be proactive infrastructure managers by anticipating and responding to the growing and changing needs of the community and the area.
- Work with stakeholders to ensure the community can access the infrastructure necessary to maintain their lifestyle.
- Develop and maintain infrastructure assets in line with affordable long-term strategies

Key Focus Area

Waste Management - Provide access to services and facilities which support a sustainable lifestyle.

LEGISLATION & POLICIES:

Nil.

BUDGET; FUNDING AND FINANCIAL IMPLICATIONS:

Adjustment to Councils Operations Budget will be required to reflect a decision made by the Council.

VOTING REQUIREMENTS:

Simple Majority.

07/19.13.5 Variation to 2019-2020 Bridge Capital Budget

| | |
|---|--|
| ACTION | DECISION |
| PROPONENT | Council Officer |
| OFFICER | David Jolly, Infrastructure & Development Services Manager |
| FILE REFERENCE | 032\001\004\ |
| ASSOCIATED REPORTS AND DOCUMENTS | Nil |

OFFICER'S RECOMMENDATION:

That Council approve an increase to the 2019/2020 bridge replacement capital budget by \$150,000 from \$675,000 to \$825,000 to enable the early replacement of the damaged Bridge 2191 superstructure.

INTRODUCTION:

The purpose of this report is to seek approval from the Council to increase the 2019/2020 bridge replacement capital budget by \$150,000 from \$675,000 to \$825,000 to enable the replacement of the Bridge 2191 superstructure irreparably damaged by over-mass vehicle(s).

PREVIOUS COUNCIL CONSIDERATION:

No previous Council discussion.

OFFICER'S REPORT:

Bridge 2191

Bridge 2191 crosses Fletchers Creek on Reids Road. The Bridge span is 12m and comprises a timber/log superstructure last replaced in 2004 and a concrete superstructure constructed circa 1960.

At the annual inspection by AusSpan (June 2019), the superstructure was found to have been significantly damaged. Beam 4, Abutment B was broken and crushed. The three remaining bridge beams are also split longitudinally. Damage is thought to have been caused by over-mass vehicle(s).

In accordance with Section 44 (1) of the Local Government (Highways) Act a gross load limit of 5 tonnes has been placed on the bridge in the interest of public safety and to preserve the bridge structure. The new load limit denies access to heavy vehicles that routinely need to cross Bridge 2191.

Council has not allocated funding in the 2019/2020 capital budgets to replace the Bridge 2191 superstructure. The timing of asset inspection information and the pre June 2019 Council meeting publication of Council's 2019/2020 Budget prevented the bridge works from being included in the budget document.

It is estimated that the replacement cost of the bridge superstructure is up to \$150,000.

The Manager Infrastructure & Development Services will act to determine what capital spending offsets may be available and advise Council at a future date.

Recommendation

That Council approve an increase to the 2019/2020 bridge replacement capital budget by \$150,000 from \$675,000 to \$825,000 to enable the early replacement of the damaged Bridge 2191 superstructure.

STRATEGIC PLAN & ANNUAL PLAN:

Strategic Plan 2017 – 2027

Goal

Infrastructure - To provide quality infrastructure which enhances the liveability and viability of our communities for residents and visitors

Strategy

Develop and maintain infrastructure assets in line with affordable long-term strategies.

LEGISLATION & POLICIES:

Local Government Act 1993

Procurement Policy (Code for Tenders and Contracts) – LG07 (Amended 21 November 2016)

BUDGET; FUNDING AND FINANCIAL IMPLICATIONS:

Council has allocated \$675,000 in the 2019/2020 capital bridge budgets to replace bridge assets.

The replacement of Bridge 2191 superstructure represents an additional bridge asset that requires replacement and not approved by Council at the June 2019 Council meeting.

A bridge budget increase from \$675,000 to \$825,000 is therefore required to enable the bridge works to proceed.

The existing and damaged Bridge 2191 timber superstructure has a residual value (calculated for 2019/2020) at \$21,024 that requires a write down during the 2019-2020 financial year.

VOTING REQUIREMENTS:

Absolute Majority.

07/19.14.0 COMMUNITY DEVELOPMENT

07/19.14.1 Community Services Report

| ACTION | INFORMATION |
|--|--|
| PROPONENT | Council Officer |
| OFFICER | Chris Hughes, Manager Community Services |
| FILE REFERENCE | 011\034\006\ |
| ASSOCIATED REPORT AND DOCUMENTS | Nil |

OFFICER'S RECOMMENDATION:

That the report be received.

INTRODUCTION:

The purpose of this report is to provide Councillors with an update of various issues which are being dealt with by the Community Services Department.

PREVIOUS COUNCIL CONSIDERATION:

Provided as a monthly report – Council consideration at previous meetings.

OFFICER'S REPORT:

OUTSTANDING REPORTS:

| Motion Number | Meeting Date | Council Decision | Comments |
|----------------------|---------------------|---|---|
| 05/15.13.4.135 | 18 May 2015 | <ol style="list-style-type: none">1. Increase General Manager's delegation for waiver of fees from \$350 to \$750.2. That a review of the leased facilities is undertaken within the next financial year with a view to charges being applied. | Delegations updated. To be reviewed in 2018. |
| 06/17.14.3.139 | 26 June 2017 | That Council extend their current lease area of the Binalong Bay Foreshore to include Grants Lagoon and Skeleton Bay to the high tide water mark. | Verbal approval has been received currently waiting on written confirmation of lease approval. |
| 05/18.14.2.117 | 21 May 2018 | Council to take over ownership of the toilet block to be built at The Gardens with Council entering into an agreement with Parks & Wildlife (PWS) who will maintain and service the toilet block. | PWS currently looking at temporary toilet facility whilst a new facility is further investigated. |

| Motion Number | Meeting Date | Council Decision | Comments |
|----------------|------------------|--|---|
| 08/18.8.2.182 | 20 August 2018 | A report is sought providing advice in accordance with the requirements of <i>Section 65 of the Local Government Act 1993</i> for the information of Council at a future meeting and consider any advice as required from relevant State Agencies: That Council work with the Fingal Valley Neighbourhood House, the SES, local police and others to establish a Driver Reviver Site in Fingal at the Council owned Park and Public Toilet Facility on the Esk Highway. This site ideally should be operational before Christmas and operate through until after the Easter long weekend. | Site was not set up at Easter site – was advised by Northern Region that they were not ready in relation to staffing and purchase of goods. |
| 11/18.14.5.268 | 19 November 2018 | That Council consider defining areas of Georges Bay Foreshore for specific purposes eg Beauty Bay swimming activities, grassed area in front of the Bayside – event space. The current jetty project which has been funded by the State Government is separate to this proposal. | Community feedback was sought during the two sessions held re St Helens Township forums – notes currently being compiled. |
| 12/18.14.5.308 | 17 December 2018 | <ol style="list-style-type: none"> 1. That Council work with the Facilitator for this group to seek funding through the Community Funding Program which closes in February, 2019. 2. That Council sponsors this program by donating seed funding in the sum of \$5,200 to St Helens Neighbourhood House to auspice this program in 2019-2020 with a condition imposed that there is an increase in participation within this program. 3. That Council supports the Coordinator to apply for additional funding through the Tasmanian Community Fund to extend the scope and longevity of the program using the Council contribution to leverage these additional funds. | Meeting held – Council working with Facilitator in relation to this program and also working together generally. |
| 02/19.14.2.31 | 18 February 2019 | The following areas have been identified as possible sites that could be suitable to house a basic toilet and shelter amenity to visitors whilst also creating an unexpected and memorable experience: <ul style="list-style-type: none"> • The Gardens • Scamander • Four Mile Creek (north of entry point) • South of Little Beach • St Helens • Burns Bay | Students have completed the project, currently waiting on receipt of final wrap up of all projects for future workshop. |
| 03/19.8.2.47 | 18 March 2019 | A report is sought providing advice in accordance with the requirements of <i>Section 65 of the Local Government Act 1993</i> for the information of Council at a future meeting and consider any advice given by a person who has the qualifications or experience necessary to give such advice, information or recommendation: That Council look at building a mountain bike and walking tracks in the Fingal Valley, and have it shovel ready for funding at the next State election. | Workshop agenda to look at options. |

COMPLETED REPORTS:

| Motion Number | Meeting Date | Council Decision | Comments |
|----------------|--------------|--|---|
| 06/19.14.2.144 | 24 June 2019 | That Council authorise management to renew leases for five (5) years with community organisations on the existing basis except that the standard charge for additional wheelie bins be introduced. | Lease proforma will be changed to show decision of Council. |

Updates on current projects being managed by Community Services:

Safer Community Meeting & Network Meeting- Standing Item

Minutes will be provided to Councillors on receipt of same – there has not been a meeting for a few months.

St Helens Mountain Bike Network

Construction activity

Trail construction across the St Helens Network has progressed well over the previous month with a focus to have the sections of trails influenced by the eagle nest locations completed as our priority. The contractor had four (4) crews working on these trails and made excellent progress.

A total of 17km of trails in this network has been constructed.

The Town Link Tail (shared use trail from Lions Park to Flagstaff Road Trail Head) has been completed except several bridge structures which will be completed later in the year. The construction of the Boardwalk in Boggy Creek commenced on 24 June 2019 and is on target to be completed by mid-July 2019. The Boardwalk will not be commissioned until closer to the opening of the trail network which is still on target for November 2019.

Construction of the Trail Head on Flagstaff Road continued with electrical, Stormwater drainage and plumbing infrastructure installed. The design for the toilet block and shelter is currently being finalised. Once plans are assessed and approvals attained construction will commence in September 2019.

Program of works

With current work programs and resources there has been no change to the November 2019 planned opening for the majority of the trails with a firm date and events still to be finalised.

As stated previously total completion of all the trails is likely March 2020 so there will be several opportunities for staging events to optimise the exposure of the trail network.

Also reported last month the upgrade of the intersections of the Tasman Highway at Flagstaff Road and intersection of Tasman Highway and Basin Creek Road are being programmed by State Growth.

Branding and Marketing

On Wednesday 26 June, BODC in partnership with Kingthing Marketing held a Public Information Session for the St Helens Mountain Bike Trails. The session was well attended with more than 130 people present.

There was a mix of people in the room from the general public to representatives of the business community. At the end of the session we handed out an Industry Toolkit which contained business information regarding who the mountain bikers are and what they are looking for as well as core messages and brand information. These practically walked out the door and we are having another 50 printed. Digital versions of the Tool kit as well as the presentation itself have been

uploaded to our website. The second MTB newsletter, which went out on 3 July, also contained links to these documents. Feedback received from those that attended the Information Session has been positive and has been reflective of the engagement that we hoped for from the community.

The St Helens Mountain Bike Trails landing page has now been updated and includes links to trail maps and a MTB newsletter sign up form as well as links to the BODC website.

From the meeting and the sign –up form, the MTB newsletter email list has now grown from 50 to over 100 with sign up submissions coming through the website daily. This list will be an instrumental tool in continuing to establish community and business connections to the trails.

Kingthing have been finalizing designs for the website and have completed a site plan. The plan will be to launch this site just prior to the opening once we have all the information required to populate the site IE; site maps, trail names, safety messaging etc.

The next steps for branding and marketing is to establish a plan for the opening of the trails and look at signage design and placement.

Poimena to Bay of Fires Trail

Program of works

Works progressed on this trail with a trail construction crew working into the winter months. As to be expected the pace of construction has slowed due to weather conditions but progress has been good.

Council approved at the June council meeting the planning application to modify sections of trail at Poimena.

Works will commence over the coming months once the permit process and approvals are attained and weather allows.

Conversations are ongoing with Parks and Wildlife Tasmania of user facilities at the Anson Bay Road, half way crossing point and the termination point of the trail at Swimcart Beach.

Trail completion is still on target for November 2019.

Tasmania's Iconic Walk – multi day walking experience in Tasmania

Council at the time of writing this report, has received no correspondence in relation to the submission that has been lodged.

Community Events

2019

Delivery

- 7 – 10 June - Bay of Fires Winter Arts Festival
- 9 June - St Marys Community Car & Bike Show

Planning

- 6 July - St Marys Community Space Bush Dance

2020

- 7 - 9 March - Cicrum Tasmania Challenge (Aeroplanes)
- 26-29 March - Dragon Trail MTB – 3 Day staged race (Derby, Poimena and St Helens MTB trails)
- November – AOC2020 - Australian Orienteering Championships

Township Plans

We are currently collating all the information that was provided at the St Helens session. This information is then forwarded to the Management Team for consideration/budget allocation and time frames – this information is then put into the Township Plan document.

A drop in session has been scheduled for Scamander – Wednesday 7 August, 2019 from 3 to 6 pm – we are currently awaiting confirmation of a venue.

Driver Reviver Program

After many attempts to seek a response to our query as to why the delay in this program occurring, we are still chasing a response. Staff will provide a report as soon as a response to our query is provided by the relevant officer from the State Emergency Service.

Planning - Rail Trail - Fingal to St Marys

ECOtas have completed a flora and fauna investigation of the proposed rail trail from St Marys to St Helens – a report will be provided in due course for consideration once the report is received from ECOtas.

Georges Bay Foreshore Linkage

A Request for Information has been completed and forwarded to the relevant Commonwealth Department to commence the progress of this project. ECOtas have undertaken the relevant flora and fauna evaluation of the area and we are currently awaiting a report. Once this information is to hand along with information from Aboriginal Heritage Tasmania – discussions with Crown Land Services will commence in relation to the construction phase of the project.

Leaner Driver Mentor Program

Get In 2 Gear Statistics for June 2019.

This program has continued to support our youth and disengaged, unlicensed drivers in not only gaining their licences, but also addressing issues of social isolation, lack of self-confidence and self-worth. There are three new Mentors who have commenced driving hours for the month of June. A big thank you to those in our community who volunteer their valuable time to assist with this program:

We currently have two (2) active Mentors on the books.

There were 15 active Learners and 0 now on the waiting list, with driving hours for May sitting at 81.5 hours.

Facebook posts:

Break O'Day Council ✓

June 11 at 10:24 AM · 🌐

Get In2 Gear would like to thank Stephen Jones for volunteering his time every single week, to assist Learners in more ways than just their licences.

If you click on either the photo or the link below, you can read all about Stephen's experiences, what drives him to volunteer and some outcomes achieved.

On behalf of Get In2 Gear, thank you Stephen!!

<https://www.bodc.tas.gov.au/.../Stephen-is-Making-a-Differenc...>

GET IN2 GEAR Mentor Stephen is making a difference to the lives of our disadvantaged!

Why do you mentor for Get In2 Gear?

The answer to that question has a historical perspective, as well as a personal desire to provide some support to people in our community who need it most. During my working life with BM there was something of an expectation that employees in professional roles would participate in a "give back" program providing mentoring and professional guidance to more junior employees, particularly new graduates. This was something I always enjoyed doing. Guiding young people towards achieving the status of becoming a respected professional was very rewarding. I wanted to continue giving back after I finished my working life.

I get the same enjoyment from mentoring members of our community through the process of obtaining a driver's license. Regional Tasmania can present many challenges to people without a license given the limitations and cost of public transport. Assisting learners to achieve their goals of an L2 License and then a Provisional License is extremely rewarding for both the learner and the mentor. That's why I do it.

How many learners do you mentor per week?

I set aside Monday afternoon each week for the Get In2 Gear program, which allows me enough time to mentor three learners.

What are some outcomes you have seen learners achieve, other than gain their licence?

Obtaining a driver's license is very often a first step in achieving other life goals. I have seen a variety of outcomes. I have mentored learners who joined the program because obtaining a license is a necessary first step to obtaining an apprenticeship or some other form of employment. I have mentored young mothers who needed the mobility that comes from having a license in order to get their young ones to essential services or even just to school. I have mentored older mothers who have children and grandchildren in other parts of the state and were in need of a license so that they could visit their extended families whenever they wish. I have mentored new members of our community from other cultures who were able to drive in their country of origin, but needed to start the process all over again now that they have chosen Tasmania as their new home.

The outcomes are all pretty much the same – mentoring people towards increased mobility so that they can achieve other goals.

Is sitting next to a learner and mentoring them a daunting experience?

No it isn't. Most new learners are understandably nervous when they start out, and of course they all make a few mistakes. By starting out in a non-hostile environment such as a sports ground, the initial nerves and mistakes are fairly easily dealt with. By the time the learner declares enough confidence to venture onto the roads, the potentially daunting aspects of the experience have been well and truly dealt with. The focus can then be on skills development and increasing confidence.

What is the best part about being a mentor?

You very quickly get to know why a learner has joined the program and what their objectives are. The best part about being a mentor is sharing the journey towards achievement of those objectives. Also, spending an hour with a learner every week for many months very often results in some valued friendships.

Have you any words of encouragement you could give a person who is thinking about mentoring?

If helping other people achieve their life goals is something that you like to do, then learner driver mentoring is a great way to do it. It may not seem much at first glance but when you think about the liberating aspects of obtaining a driver's license, you realise the importance of this program. My encouragement is to give it a go. You will get to meet some truly lovely people, probably develop some valued friendships, but most importantly, help learners to move towards their next goal in life.

Bendigo Bank Community Stadium Activity

Regular Use For the month of June the users included:

Mondays

- St Helens Basketball Association

Tuesdays

- Surfside Netball Club
- Bay of Fires Junior Netball Club

Wednesdays

- Clovers Netball Club
- Bay of Fires Senior Netball Club

Thursdays

- Georges Bay Netball Club
- Pain & Gain Fitness session

Fridays

- St Helens Netball Association matches

Saturday

Sundays

- Pain & Gain Fitness session

LEGISLATION / STRATEGIC PLAN & POLICIES:

Strategic Plan 2017-2027

Goal

Community - To strengthen our sense of community and lifestyle through opportunities for people to connect and feel valued.

Strategy

- Build community capacity by creating opportunities for involvement or enjoyment that enable people to share their skills and knowledge.
- Foster a range of community facilities and programs which strengthen the capacity, wellbeing and cultural identity of our community.

BUDGET AND FINANCIAL IMPLICATIONS:

Not applicable.

VOTING REQUIREMENTS:

Simple Majority.

| | |
|---|--|
| ACTION | DECISION |
| PROPONENT | Council Officer |
| OFFICER | Chris Hughes, Manager Community Services |
| FILE REFERENCE | 040\118\001\ |
| ASSOCIATED REPORTS AND DOCUMENTS | Nil |

OFFICER’S RECOMMENDATION:

That Council support the St Helens Point Progress Association and provide a financial contribution of \$1,000 to support the community group in undertaking a project to re-gravel the footpath along the Stieglitz Foreshore.

INTRODUCTION:

The St Helens Point Progress Association are seeking funding from Council to assist them with community projects.

PREVIOUS COUNCIL CONSIDERATION:

July 2019 Council Workshop discussion.

OFFICER’S REPORT:

At a recent meeting with the St Helens Point Progress Association Executive Committee they requested as a group they work more closely with Council to improve the amenities and facilities along St Helens Point Road.

Membership/Meetings

They currently have 23 families as members – membership fee is \$10. They hold their meetings every two (2) months at the Hillcrest Caravan Park, to which they keep their meetings within the hour. As a community they are currently recruiting new members and identifying ways in which they can engage with those families who own property but don’t reside full time.

Projects

In the past they have been successful in receiving a Landcare grant to assist with replacing gravel on an existing pathway. Currently they are working with Parks & Wildlife staff to look at rebuilding a pathway along the foreshore which sits within PWS control. The group understand that with the opening of the mountain bike trails and additional people visiting our area, tracks/trails etc will become an additional attraction for our area. With this in mind, they also wish to resurface and maintain an existing pathway which is currently under Council control through our lease with Property Services – the funds that they are seeking will assist their members to undertake these works subject to Council approvals.

They currently pay a financial contribution to Landcare who cover their insurances for any volunteer work that they participate in. Their annual overall costs currently sit at about \$400 per year, which leaves no funding for projects to be undertaken.

As a group they are aware of the pressures that are placed on Council to undertake works and they believe that they can work with Council to do some small projects. They are also willing to be a voice for Council – “power of the people” in relation to seeking funding from political parties.

STRATEGIC PLAN & ANNUAL PLAN:

Strategic Plan 2017-2027

Goal

To strengthen our sense of community and lifestyle through opportunities for people to connect and feel valued.

Strategies

Build community capacity by creating opportunities for involvement or enjoyment that enable people to share their skills and knowledge.

LEGISLATION & POLICIES:

Not Applicable.

BUDGET; FUNDING AND FINANCIAL IMPLICATIONS:

This funding was not budgeted for in the 2019-2020 budget.

VOTING REQUIREMENTS:

Absolute Majority.

| ACTION | DECISION |
|---|---|
| PROPONENT | Council Officer |
| OFFICER | Erica McKinnell, Community Services Project Officer |
| FILE REFERENCE | 005\017\004\ |
| ASSOCIATED REPORTS AND DOCUMENTS | Proposal for Council Sponsorship Flow |

OFFICER’S RECOMMENDATION:

1. For the first three (3) years, Council waive all fees associated with the hire of infrastructure to support this event, that being stadium and banner hire fees for this event.
 2. That Council provide a one (1) off financial payment of \$1,500 for the creation of a Perpetual Trophy made by a local community group.
 - 3 (a) That Council provide a financial cash sponsorship \$6,500 to engage Flow Mountain Bike.
- Or;
- (b) That Council provide a one (1) off financial payment of \$13,500 to engage Flow Mountain Bike.

INTRODUCTION:

The St Helens MTB Trail Network has been announced as the location for the Dragon Trail Mountain Biking event, along with Derby trails, to host a three (3) day endurance race, to be held annually.

PREVIOUS COUNCIL CONSIDERATION:

Previous July 2019 Council Workshop consideration.

OFFICER’S REPORT:

GEOCENTRIC Outdoors (that held XPD here in 2018) is holding a three (3) day mountain biking endurance event 26-29 March 2020.

Riders will be on their bike for 3 to 6 hours each day. It is a cross country event on blue and green trails making it accessible to all levels of rider.

The event is a three (3) day staged endurance race that will start from Branxholm on day 1 and travel 45km throughout the Derby trails, ending in Weldborough, where they will camp overnight. Day 2 they will get to enjoy the beauty of the Poimena trail, ending on Swimcart Beach. They will camp overnight at the Bendigo Bank Community Stadium, gearing up for day 3, the St Helens trails.

The event organiser's aim for the first year was to reach the target of 100 riders, with 60% coming from the mainland, 20% Tasmanian and 20% International.

As of 23 May 2019 the registrations were at 112 fully paid. The event has exceeded first year targets with being live on social media for 23 days.

The event will be supported by the organisers with the option of airport transfers, food and tented accommodation for registered participants.

The target market for the Dragon Trail event is women 40 years and older, as it is the current target market for Mountain Biking Australia. Those competing are also supported by their family members who will need to source accommodation for the event locally.

Please see below for some statistical percentages for registration's paid:

Makeup of homeland locations

66% are Interstate
12% Overseas (Japan, New Zealand and Singapore)
22% are Tasmanian

Age Ranges

45.3% - 40-49yrs
22.6% - 50-59yrs
15.1% - 30-39yrs
9.4% - 60+yrs
3.8% - 23-29yrs
3.8% - Under 23yrs

Gender

45% Women
55% Men

There is still three (3) additional marketing pushes on social media to occur throughout the next eight (8) months and the numbers will not be capped.

All risk management, insurance and land use approvals will be sought by the event organisers.

Dragon Trail event manager has requested in the first three (3) years of the event that Council provide the Bendigo Bank Community Stadium, free of charge and any other Council fees for use of facilities e.g. trail head in the first year. In addition, the event manager is seeking Council to contribute funds for one (1) of the packages to contract Flow to document and video the event, releasing on Social media, either \$6,500 or \$13,500.

GEOCENTRIC Outdoors has committed to also pay per user for the event at \$20 per head for any participants over the first 100 on the St Helens Trail Network. To be negotiated further once fees have been considered for trail usage.

The financial details of the request are detailed in the attached proposal.

STRATEGIC PLAN & ANNUAL PLAN:

Strategic Plan 2017-2027

Goal

Community - To strengthen our sense of community and lifestyle through opportunities for people to connect and feel valued.

Strategies

Build community capacity by creating opportunities for involvement or enjoyment that enable people to share their skills and knowledge.

Prepared for: Break O'Day Council
Prepared by: Louise Foulkes, Event Director
20 May 2019

<https://dragontrail.com.au>

EXECUTIVE SUMMARY

Objective

Geocentric Outdoors is the organiser of the planned Dragon Trail MTB and has a vision to create a world class 3 day stage mountain bike race in North East and East Coast of Tasmania that riders will return to year after year.

Goals

- To put joy into mountain biking for each and every participant
- To focus on economic benefit to the region through visitation, employment and media exposure
- To ensure the event is environmentally responsible
- To do good where we can and maintain a flexible approach to this
- To ensure the event is economically sustainable

Benefit

Break O'Day Council has invested significantly in the St Helens Mountain Bike Trail Network with the aim that these trails will bring significant benefits to the region, primarily through the economic impact of tourism. Dragon Trail recognises the opportunity afforded by the Councils investment and plans to host the majority of the event within Break O'Day Municipality.

Break O'Day Council and the Dragon Trail event will have the opportunity to work together for mutual benefit, by becoming an annual international event with long jeopardy.

Community Benefit

We will have several shuttle operators working at the event.

We will engage community groups who can benefit from the catering during the race as well as some people will be employed.

A lot of other businesses such as hardware, supermakets and restaurants will also have a flow effect.

There will be a requirement for accommodation in St Helens for the volunteers, families and supporters.

We also aim to work with the local schools and try to get some of the students out racing in a relay (free of charge).

This will engage them with the incoming MTB community.

Support Outline

Geocentric Outdoors is seeking support from the Break O'Day Council in specific areas which help both develop the event and have direct benefits to the council.

<https://dragontrail.com.au>

SUPPORT REQUESTS

1. Bendigo Bank Community Stadium

Exclusive use of the Stadium at no charge for the first 3 years of the event. This will include the indoor facilities/ kitchen/ amenities, Wi-Fi, surrounding grassed area for camping, additional rubbish bins, liquor licensing and power.

The event also request us of the Stadium on the Friday evening of the event, at no charge, for a fund raising activity for a local community group, which includes the tables, chairs, cutlery and crockery.

Cost to Council

| | |
|----------------------------------|-------------------|
| Fully Refundable Bond | \$315.00 |
| Administration | \$25.00 |
| Liquor License | \$63.20 |
| Hire Fee (3 Days, \$500 per day) | \$1,500.00 |
| TOTAL | \$1,903.20 |
| Refundable Bond | (\$315.00) |
| GRAND TOTAL | \$1588.20 |

2. Trail Head Centre

Full use of the Flagstaff Trail Head (St Helens MTB Network) for the start and finish of day 3 (Saturday) of the race at no charge.

This will include access to the toilets, power, rubbish and water.

Cost to Council

| | |
|--------------------|----------------|
| Hire Fee | \$00.00 |
| GRAND TOTAL | \$00.00 |

<https://dragontrail.com.au>

DRAGON TRAIL MTB

3. Binalong Bay Foreshore

Day two of the race is planned to finish at Binalong Bay. Council support is sought to use the reserve at no cost for the first 3 years of the event. This would include exclusive use of the carpark (the use is planned for a Friday to minimise impact on the weekend tourism). This also includes access to the toilets, power, rubbish and water.

Cost to Council

| | |
|--------------------|----------------|
| Hire Fee | \$00.00 |
| GRAND TOTAL | \$00.00 |

4. Media Support - Flow Mountain Bike

The Dragon event would like to bring Flow Mountain Bike media to cover the event. For this to happen, financial support is required in the first year only. Flow has provided 3 options for coverage, which are attached. The recommended financial amount required is between \$6,500 and \$13,500. Depending on which option is approved. In addition to the event and regional exposure, Flow will provide imagery and video from the region, with a focus on off-bike, family friendly activities and regional scenes. The council would own these.

16 APR 2019

IT WAS ONLY A MATTER OF TIME UNTIL THE MOST HAPPENING PLACE IN AUSTRALIAN MOUNTAIN BIKING WOULD SPAWN A COOL COASTAL COUSIN. ONE HOUR EAST FROM DERBY IS A STRETCH OF STUNNING BEACHES RENOWNED WORLD-WIDE, AND LATER THIS YEAR, YOU'LL BE ABLE TO RIDE A BRAND NEW 44KM TRAIL. BUILT BY GURUS WORLD TRAIL FROM THE BLUE TIER, RIGHT TO THAT VERY FAMOUS WHITE SAND.

Cost to Council – See Attachment 1

<https://dragontrail.com.au>

DRAGON TRAIL MTB

5. Light Pole Banners

Arrange for the installation and removal of light pole banners on the main street of St Helens during the event at no cost for the first 3 years. Geocentric will provide the banners.

Cost to Council

| | |
|---|-------------------|
| Hire of 8 x Banner poles, Installation and removal @ \$500 each banner pole | \$4,000.00 |
| GRAND TOTAL | \$4,000.00 |

6. Local Artist

The event is seeking financial support of \$1,500 from the council to commission a local artist to produce a perpetual trophy or shield for the winning rider. This trophy would have an acknowledgement of Council's support and could potentially be held for display between the annual race at either the council office or Flagstaff trail head Centre. The trophy would ideally be produced from local materials and incorporate inspiration drawn from the history and culture of St Helens and the North East of Tasmania.

Cost to Council

| | |
|-----------------------------|-------------------|
| Perpetual Trophy and Plaque | \$1,500.00 |
| GRAND TOTAL | \$,1500.00 |

*please note – this has not been quoted and could be less

TRAIL USAGE FEES

Geocentric Outdoors proposes it pays trail fees for the Dragon Trail from year one (and not seek Council to waive these fees) as recognition of the significant investment made by the Break O'Day Council to develop and maintain these trails.

Suggested fees are to match Dorset council, which is \$20 per rider, or if we have under 100, \$10 per rider.

<https://dragontrail.com.au>

COST TO COUNCIL - IN SUMMARY

The sponsorship funds are requested to support the event for the first three years only. It is anticipated that in the fourth year of the event, there will be no sponsorship funds requested from Council.
The request for money to contract FLOW for the event is also for the first year only.
Council has contacted Events Tasmania to assist with the funding of Flow, but unfortunately Dragon Trail MTB event does not fall in to their

<https://dragontrail.com.au>

CURRENT REGISTRATION STATUS (AS OF 23/05/19)

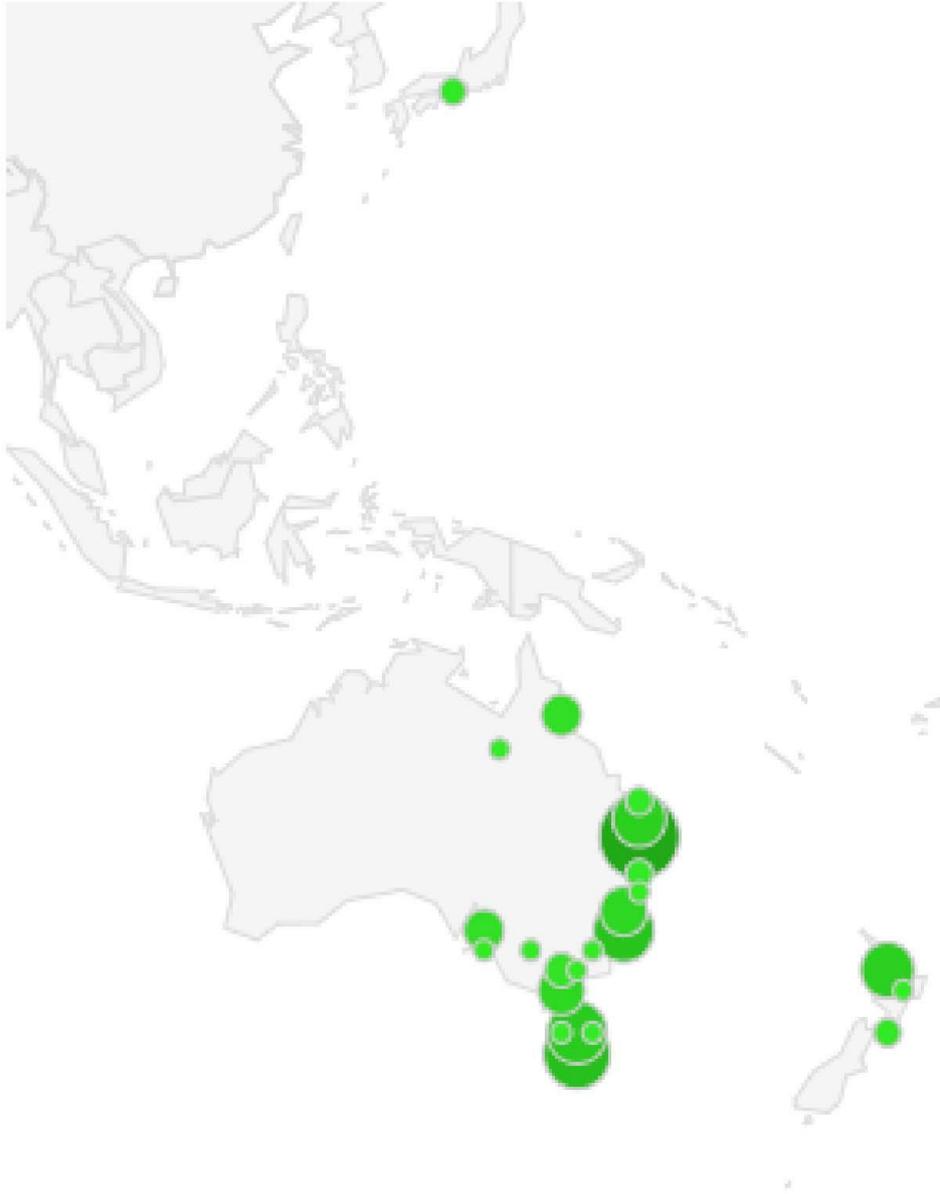

- Originally for year one, Dragon was aiming for 100 Registrations, plus they are responsible for their own flights. Currently as at 23 May, after 23 days of being live on social media, 106 registered riders have fully paid.
- Target market is 40yrs + women, as they bring their families and it is also Mountain Bike Australia's (MTBA) focus at the moment.

Registration stats:

- 45.3% are 40-49yr olds
- 83% are 30-60yr olds
- 45% are women
- 66% are from Interstate
- 12% from Overseas
- 22% from Tasmania

07/19.15.0 DEVELOPMENT SERVICES

07/19.15.1 Development Services Report

| ACTION | INFORMATION |
|----------------------------------|----------------------|
| PROPONENT | Department |
| OFFICER | Development Services |
| FILE REFERENCE | 031\013\003\ |
| ASSOCIATED REPORTS AND DOCUMENTS | Nil |

OFFICER'S RECOMMENDATION:

That the report be received.

INTRODUCTION:

The purpose of this report is to provide Councillors with an update of various issues which have been dealt with by the Development Services Department since the previous Council meeting.

PREVIOUS COUNCIL CONSIDERATION:

Provided as a monthly report – Council consideration at previous meetings.

OFFICER'S REPORT:

OUTSTANDING REPORTS:

| Motion Number | Meeting Date | Council Decision | Comments |
|---------------|-----------------|---|---|
| 01/19.6.2.3 | 21 January 2019 | DA021-2018 – Planning Scheme Amendment and Subdivision – Parkside Farm – St Helens Point Road, St Helens | TPC hearing undertaken 25 June 2019. Awaiting notice of Commissioner requirements for additional information. |
| 01/19.8.3.6 | 21 January 2019 | <i>A report is sought providing advice in accordance with the requirements of Section 65 of the Local Government Act 1993 for the information of Council at a future meeting and consider any advice given by a person who has the qualifications or experience necessary to give such advice, information or recommendation:</i> Council to investigate and consult with relevant agencies (including but not limited to Parks & Wildlife, State Government and neighbouring Councils) to explore options for both educating the public about, and enforcing, the new 'Dog Management Policy'. This would include greater hours for the Animal Control Officer and increased signage. | Research and PWS consultation underway. |
| 04/19.15.5.91 | 15 April 2019 | That Council write to the State Government to seek an increase in its staffing and resources for undertaking weed control on public land. | To be actioned, following the LGAT annual meetings in July. |

| Motion Number | Meeting Date | Council Decision | Comments |
|----------------|--------------|---|--|
| 05/19.6.2.102 | 20 May 2019 | DA040-2019 – Application to Amend the Break O’Day Interim Planning Scheme 2013 – Draft Amendment 02/2019 | In-progress, Awaiting Notice of Hearing. |
| 05/19.8.2.105 | 20 May 2019 | <i>A report is sought providing advice in accordance with the requirements of Section 65 of the Local Government Act 1993 for the information of Council at a future meeting and consider any advice given by a person who has the qualifications or experience necessary to give such advice, information or recommendation:</i> That Council investigate the feasibility of reducing the cost to community members who use the sharp container disposal service. | An investigation will be undertaken into the provision of replacement bins. Pharmacy Guild information is out of date, Council does have a community sharps disposal bin, located in foyer of main office. |
| 05/19.15.5.114 | 20 May 2019 | That Council write to the Tasmanian Parks and Wildlife Service to support its fire bans this summer to manage camp fire risks in Break O’Day reserves and its campground signage communicating the bans. | To be actioned. |
| 05/19.15.7.116 | 20 May 2019 | That Council receive the draft ‘Environment and NRM Strategy’ and ‘Environment and NRM Action Plan’ (v2.2) and seek community comment on them, for the NRM Committee to consider in preparing final plans for Council. | Public consultation underway. |

COMPLETED REPORTS:

| Motion Number | Meeting Date | Council Decision | Comments |
|----------------|--------------|--|---|
| 06/19.6.1.129 | 24 June 2019 | DA064-2019 – Proposed New Trail Alignments Stages 1 – 3 Mountain Bike Trail between Poimena and Bay of Fires, Car Park and Temporary Toilet | Supported by Council Monday 24 June 2019. Planning permit issued 3 July 2019. Report completed. |
| 06/19.15.5.147 | 24 June 2019 | That Council amend the Break O’Day Council Charter for the Natural Resource Management Committee by: in the NRM Committee composition replacing “Forestry Tasmania” with “the forest industry” and adding a one (1) new representative for the “Education sector” from “schools or early or higher education”, and correct the tally of members. That Council amend the Break O’Day Council Charter for the Natural Resource Management Committee by inserting a new responsibility for members of the Committee “to attend at least three (3) meetings of the Committee per year”. That Council amend the Terms of Reference of the Break O’Day Council Charter for the Natural Resource Management Committee by: replacing “Break O’Day NRM Strategy” with “Break O’Day Environment and NRM Action Plan and Strategy”; and delete the term of reference numbered “3” referring to “NRM North’s Regional NRM Strategy”. | Completed. |

| Motion Number | Meeting Date | Council Decision | Comments |
|----------------|--------------|---|------------|
| 06/19.15.6.148 | 24 June 2019 | That Council reappoint continuing representatives: Mr Howard Jones and Mr Peter Nichols (Community); Mr Todd Dudley (Community conservation); Mr Gerald Nicklason and Mr Tim Rhodes (Agricultural sector); Ms Linda Overend (Public land management - Parks and Wildlife Service); and Mr Craig Lockwood (Marine and aquaculture). That Council appoint to its Natural Resource Management Committee, as a new member representing the forest industry (Public land management), Mr Hayden Ihnen, of Timberlands Pacific Pty. Ltd. | Completed. |

RMPAT and TPC Cases:

DA 040-2019 – Application to Amend the Break O’Day Interim Planning Scheme 2013 – Draft Amendment 02/2019. Currently with the TPC for hearing, one (1) representation received.

NRM

Meetings

St Marys Rivulet flood management

- Project planning and submission made to the Australian Government the Community Development Grants Programme for a funding contract to implement the St Marys Rivulet Flood Management Plan. The project includes a new rain gauge and communications for a flash flood warning system, reducing flood risks by lifting The Flat Bridge and with a levee bank to protect housing behind Story Street upstream of Groom Street.

Break O’Day Council NRM Strategy review

- The draft Environmental and Natural Resource Management Strategy and Action Plan are currently out for community comment and submissions (closing 14 July).

Lower George flood management

- A landholder at Priory has been successful in gaining a TFGA Landcare Grant to stabilize sediment along the river by excluding livestock from the riverbanks.

On-going on the NRM desk

- Dog management policy: implementation with PWS and planning new Exercise Areas
- Support for Lower George Riverworks Trust with priorities from their Action Plan for Flood and River Management.
- ‘Tree Guide’ for Council street tree management policy
- Council Weed Plan update.

Environmental Health

No Report available.

Weed Management Progress Report

Vegetation screening at Anson's Bay WST has been completed. A large amount of rubbish was collected from the surrounding area and berms direct seeded with Banksia/Kunzea seed and Allocasuarina littoralis branches. This will be monitored for strike rate.

July will be the first month of a new integrated approach to weed management in the municipality, which will see a more coordinated approach to weed treatments and the all-important follow up that results from the initial treatment. This will include a program generated for WST, quarries, large and significant infestations, other council open spaces with the allowance for variances.

The organic herbicide will be trailed in some of the more sensitive areas.

Continuing routine follow up treatments and investigated reported weed sightings. Temperature monitoring of green waste mulch at St. Helens WST. Routine meetings with managers and fielding calls from landowners regarding identification and advice on different treatment methods for a variety of weeds.

Weed of the month – Boneseed

Immunisations

The *Public Health Act 1997* requires that Councils offer immunisations against a number of diseases. The following table provides details of the rate of immunisations provided by Council through its school immunisation program.

| MONTH | 2017/2018 | | 2018/2019 | |
|-----------------|------------|--------------|------------|--------------|
| | Persons | Vaccinations | Persons | Vaccinations |
| July - December | 123 | 123 | 49 | 51 |
| January - June | 128 | 174 | 124 | 124 |
| TOTAL | 251 | 297 | 173 | 175 |

STRATEGIC PLAN & ANNUAL PLAN:

Strategic Plan 2017-2027

Goal

Environment – To balance our use of the natural environment to ensure that it is available for future generations to enjoy as we do.

Strategy

- Ensure the necessary regulations and information is in place to enable appropriate use and address inappropriate actions.
- Undertake and support activities which restore, protect and access the natural environment which enables us to care for, celebrate and enjoy it.

LEGISLATION & POLICIES:

Not applicable.

BUDGET; FUNDING AND FINANCIAL IMPLICATIONS:

Not applicable.

VOTING REQUIREMENTS:

Simple Majority.

| ACTION | DECISION |
|---|---------------------------------|
| PROPONENT | Council Officer |
| OFFICER | Building Services Coordinator |
| FILE REFERENCE | 004\005\006\ |
| ASSOCIATED REPORTS AND DOCUMENTS | Proposed Plans & Specifications |

OFFICER’S RECOMMENDATION:

That Council approve the attached design for the Portland Hall Amenities addition & internal alterations (excluding floor replacement).

INTRODUCTION:

Council have previously endorsed a Building Life Cycle Report for the Portland Hall, St Helens and the plans have been developed in line with ongoing improvements required to the facility.

PREVIOUS COUNCIL CONSIDERATION:

07/14.14.6 Portland Hall and Memorial Park – Re-roofing Project.
July 2019 Council Workshop discussion.

OFFICER’S REPORT:

The proposed plans have been prepared in line with the second stage of improvements to the Portland Hall, St Helens. Stage 1 scope of work consisted of a New Roof and installing bulk insulation to the ceiling. Further improvements have also been undertaken including installation of solar panels and ceiling fans.

The attached plans have been developed and provide the facility with the following:

1. A fully accessible toileting facility (none currently provided);
2. A centralised location of Amenities for Users;
3. Conversion of existing ladies toilet to additional storage space;
4. Replacement of existing floor (not included in this stage of work).

The maximum estimated cost to Council is \$100,000 and is listed in next financial years capital works budget.

The following projects will need to be considered in future budgets for further improvements to the facility in accordance with the Life Cycle Report (previously circulated):

1. Replacement of flooring to Portland hall;
2. Replacement of windows with double glazed energy efficient glazing sets;
3. Improving acoustics where possible;
4. Design to better incorporate the public open space in memorial park;
5. Portico Addition to front entrance.

STRATEGIC PLAN & ANNUAL PLAN

Strategic Plan 2017-2027

Goal

Infrastructure - To provide quality infrastructure which enhances the liveability and viability of our communities for residents and visitors.

Strategies

- Be proactive infrastructure managers by anticipating and responding to the growing and changing needs of the community and the area.
- Develop and maintain infrastructure assets in line with affordable long-term strategies.

LEGISLATION & POLICIES

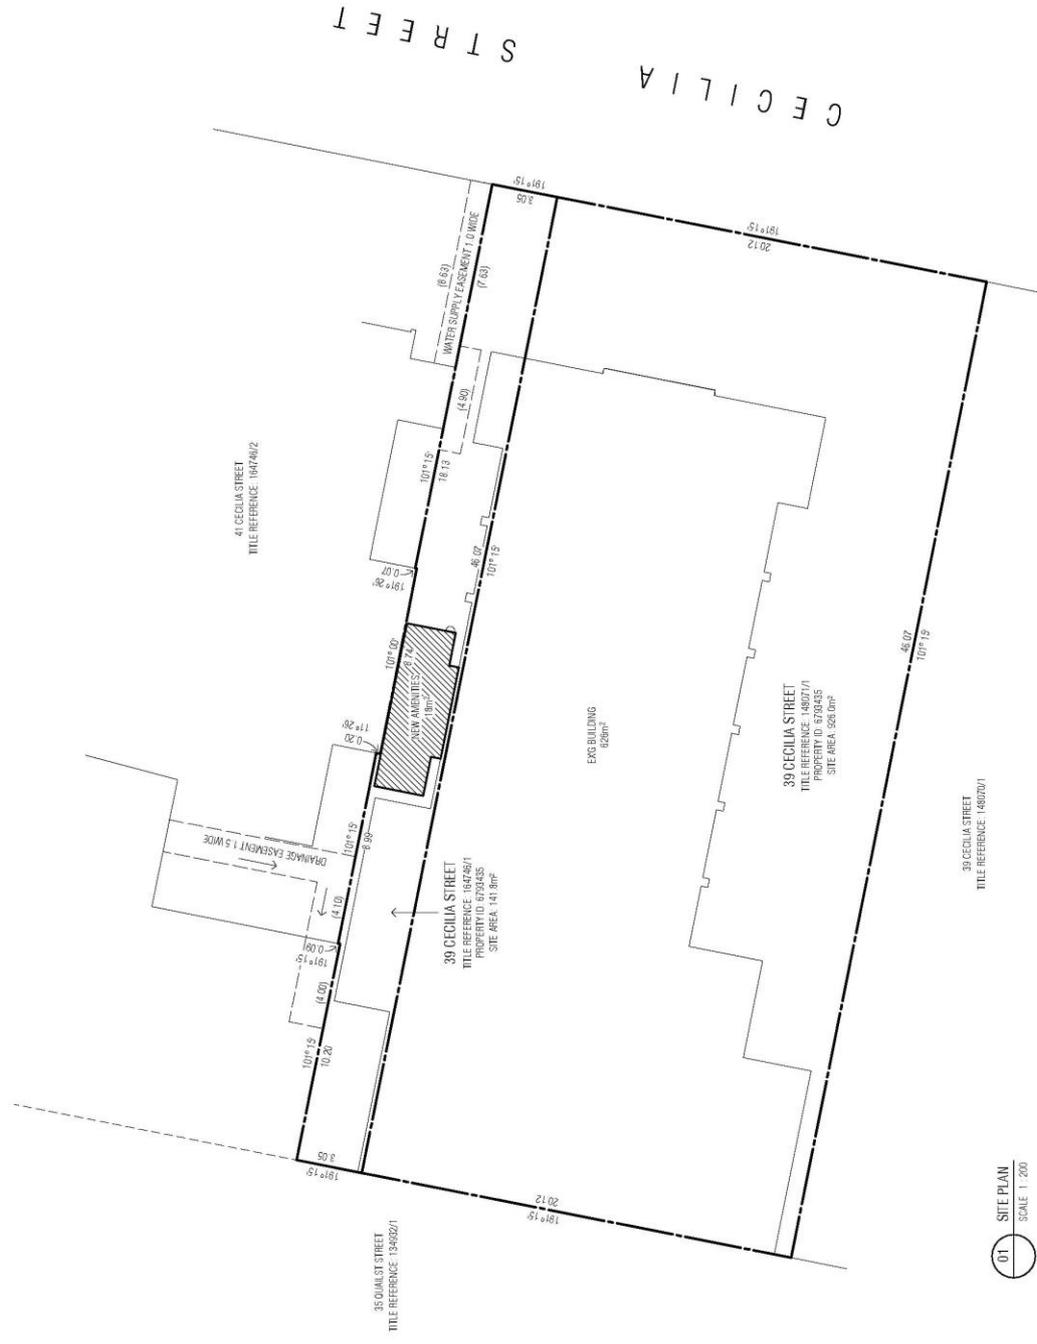

Nil.

BUDGET AND FINANCIAL IMPLICATIONS:

The maximum cost to Council is \$100,000 and is listed in next financial years capital works budget.

VOTING REQUIREMENTS

Simple Majority.

07/19.16.0 GOVERNANCE

07/19.16.1 General Manager's Report

| ACTION | INFORMATION |
|----------------------------------|-----------------------------|
| PROPONENT | Council Officer |
| OFFICER | John Brown, General Manager |
| FILE REFERENCE | 002\012\001\ |
| ASSOCIATED REPORTS AND DOCUMENTS | Nil |

OFFICER'S RECOMMENDATION:

That the General Manager's report be received.

INTRODUCTION:

The purpose of this report is to provide Councillors with an update of various issues which are being dealt with by the General Manager and with other Council Officers where required.

PREVIOUS COUNCIL CONSIDERATION:

Provided as a monthly report – Council consideration at previous meetings.

OFFICER'S REPORT:

OUTSTANDING REPORTS:

| Motion Number | Meeting Date | Council Decision | Comments |
|---------------|---------------|---|--|
| 04/19.16.3.95 | 15 April 2019 | That Council implement Audio Recording of Council Meetings at an approximate cost of between \$15,000 - \$17,000 ex GST with a provision to be made in the 2019/2020 budget. AND That Council authorise the General Manager following consultation with Council's IT provider to request firm quotes, appoint a preferred company and proceed with implementation following adoption of the 2019/2020 budget. | In progress. |
| 04/19.16.7.99 | 15 April 2019 | That Council's management team progress the development of an application based on the potential priorities identified by Council. | Drought Communities Program Application submitted. |
| 06/19.8.1.131 | 24 June 2019 | a) That Council recognises with serious concern Climate Change and requests bilateral support with all forms of Government; and b) That Council write to the State and Federal Governments seeking action. | Response being developed. |

COMPLETED REPORTS:

| Motion Number | Meeting Date | Council Decision | Comments |
|---------------|--------------|------------------|----------|
|---------------|--------------|------------------|----------|

Meeting and Events attended:

| | | |
|---------------------------|-----------|---|
| 26.06.19 | St Helens | – MTB Business Community Information Session, assisted with the presentation which provided an update on the project and focussed on the branding and marketing associated with the trails. The session was attended by 130-140 persons and was very positive and supportive of the project, many great questions asked, some we were not able to answer fully as concepts around financial sustainability and management were yet to be discussed in detail with Council. This will be covered in future sessions. |
| 27.06.19 | St Helens | – Tasmanian Planning Scheme, presentation to Councillors on the TPS provided by John Ramsay, Tasmanian Planning Commission. |
| 27.06.19 | St Helens | – Department of State Growth, catch up meeting with Greg House, which discussed the MTB project, TasCOSS/TCCI Jobs Action Package. |
| 27.06.19 | St Helens | – Regional Housing Supply, phone meeting with Catholicare who are interested in participating in the low cost affordable housing package that is currently open. Separate Item prepared. |
| 28.06.19 | St Marys | – Jobs Action Package, met with the local community members to discuss the feedback from TasCOSS on the proposed local project and to develop a potential governance model for the project. |
| 30.06.19 | St Helens | – St Helens Point Progress Association, attended their regular meeting to discuss a number of infrastructure matters of interest to the local residents including footpaths, foreshore erosion and protection works at Parnella and Parkside, Aerodrome Hill narrowness and sealing of Dune Street (PWS responsibility). A great meeting and opportunity to discuss these projects and other matters of interest. |
| 01.07.19 | St Helens | – Council Workshop. |
| 02.07.19 | St Helens | – St Helens Destination Action Plan (DAP) Meeting, as a result of the session organised by Ruth Dowty (ECRTO) a number of projects/items were identified for investigation and potential progression. It is very pleasing to see that this time we have a number of interested persons participating in moving this forward and showing leadership. |
| 03.07.19 – 05.07.19 | Hobart | – Local Government Association of Tasmania (LGAT) Conference. |
| 04.07.19 | Hobart | – East Coast Regional Tourism Association, met with Acting Chairperson, Alison Stubbs, and Board member, Chris Colley, to discuss a range of matters of concern in relation to the current situation with ECRTO (see below). |
| 05.07.19 | Hobart | – Affordable Housing Project, met with CatholicCare to discuss the potential to work together on delivery of affordable housing in the Break O’Day area. |

Meetings & Events Not Yet Attended:

| | | |
|----------|------------------|---|
| 12.07.19 | St Helens | – Meeting with Mayor, Commander Brett Smith and Inspector Michael Johnston. |
| 12.07.19 | Fingal | – Meeting with Barry Harper, President Mathinna Club. |
| 15.07.19 | St Helens | – Council Meeting. |

General – regular meetings with Departmental Managers and individual staff when required addressing operational issues and project development. Meeting with community members and organisations included Donna Stanley (PWS), Joanne Franklin, Jo Waldron (Tasmanian Hospitality Association), Bruce Pacey, Rod Hunt (Medea Park).

Brief Updates:

Drought Communities Program

The initial application for this program has been finalised and lodged with AusIndustry. There were a number of challenges in relation to the Walking Tracks project due to both Meadstone and Mathinna Falls projects requiring complete replacement of a bridge on each road. When this was coupled with the extensive road and vegetation works required on Meadstone Road the walking track project would have been taking \$420k of the overall project. Reluctantly we have had to remove Meadstone Falls from the project at this stage as there was also an unresolved safety issue at the falls lookout. The initial application also addressed a number of small building projects, commenced the St Marys Cemetery revitalisation, and Fingal Streetscape project.

East Coast Regional Tourism Organisation

As noted above, the General Manager met with the Acting Chairperson and a Board member to discuss a number of matters of concern, in part due to recent changes within the RTO. BODC have valued and relied upon support and assistance of the ECRTO CEO in relation to the MTB project and being able to tap into State Government resources and assistance. The impact of the resignation of the CEO and subsequent recruitment process provides a gap in our support at a crucial time. The fledgling DAP group would normally be receiving support and guidance and this has been discussed and support will be provided through the Board. The geographic balance of the Board was also discussed and it is noted that Applications from this section of the Coast have been non-existent or minimal in recent years, the current imbalance does not assistance with perceptions. Concerns regarding the Great Eastern Driver Awards wer also discussed and in particular the situation with one off events such as One Night Stand, we are awaiting the formal feedback on the judging.

Jobs Action Package

A small group of community members continue to work with TasCOSS and TCCI to fine tune and develop a project arising from the community engagement process undertaken by these two organisations. The proposal draws together four (4) concept proposals which were developed as part of Jobs Action Package project to create a cohesive approach, Coaching and Community Participation; Break O'Day Employer Services Broker Proposal; Online Information Hub; and Car-Pooling Network. The project focus is on meeting the needs of job seekers and employers. The priority cohort of job seekers are youth with a secondary cohort of job seekers who are not employed, or are under employed. Governance and funding arrangements are currently being

discussed with TasCOSS, Council staff will continue to be involved to support the development of this project.

Review of Local Government Legislation Framework

The State Government have just released the Reform Directions Paper Phase Two for public comment. The Paper provides an overview of the major policy reforms under consideration by the Government and it is important for Council to express its views on the directions identified. Submissions close on 30 September 2019, prior to that information sessions will be held around the State in about one months time to enable people to review what is under consideration and then attend the sessions to gain further information.

Local Government Excellence Awards

At the recent Local Government Association of Tasmania conference the annual Local Government Excellence Awards winners were announced. Break O’Day Council won the Small Council division (under 15,000) persons for the excellence we demonstrated in delivery of the One Night Stand concert. Judging of the Awards is based around a number of criteria including service delivery, innovation, uniqueness and creativity. It is great to be officially recognised for the work which occurred and congratulations should go to the organisation as this was a whole of organisation effort.

Actions Approved under Delegation:

| NAME/DETAILS | DESCRIPTION OF USE OF DELEGATION | DESCRIPTION | DELEGATION NO / ACT |
|--------------------------|----------------------------------|---------------------|---|
| Leaner Drive Program | Affixing Common Seal | Grant Funding | Number 12 – Miscellaneous Powers and Functions to the General Manager |
| James Street, Falmouth | Affixing Common Seal | Boundary Adjustment | Number 12 – Miscellaneous Powers and Functions to the General Manager |
| Malibu Street, Scamander | Affixing Common Seal | Adhesion Order | Number 12 – Miscellaneous Powers and Functions to the General Manager |

Tenders and Contracts Awarded:

| Tender Closing Date | Description of Tender | Awarded to |
|---------------------|--|-----------------|
| 5 August 2019 | 2019/2020 Bituminous Surfacing Program | Not yet closed. |

LEGISLATION / STRATEGIC PLAN & POLICIES:

Strategic Plan 2017-2027

Goal

Services - To have access to quality services that are responsive to the changing needs of the community and lead to improved health, education and employment outcomes.

Strategy

- Work collaboratively to ensure services and service providers are coordinated and meeting the actual and changing needs of the community.
- Ensure Council services support the betterment of the community while balancing statutory requirements with community and customer needs.

BUDGET AND FINANCIAL IMPLICATIONS:

Not applicable.

VOTING REQUIREMENTS:

Simple Majority.

| | |
|---|-----------------------------|
| ACTION | DECISION |
| PROPONENT | Council Officer |
| OFFICER | John Brown, General Manager |
| FILE REFERENCE | 008\001\010\ |
| ASSOCIATED REPORTS AND DOCUMENTS | Nil |

OFFICER’S RECOMMENDATION:

In accordance with section 156 of the *Local Government Act 1993*, Council resolves to make a by-law for the regulation of the Trail Networks.

PREVIOUS COUNCIL CONSIDERATION:

No known previous Council consideration.

OFFICER’S REPORT:

As per section 156 of the *Local Government Act 1993* Council is required prior to the public consultation process and final consideration by Council to adopt a new by-law, have a Council resolution by absolute majority advising its intent to make a new by-law.

The ability to control and manage effectively the infrastructure associated with the trail network is vital to its successful operation. Whilst we have Leases in place for the infrastructure these Leases provide the power to do certain things and they also impose obligations. The Lease does not provide a ‘head of power’ to manage the infrastructure on a day-to-day basis. Council’s existing Parks & Reserves By-Law is also very limited in this respect

We are aware of traffic movement issues which exist at Derby in relation to accessing the Black Stump trail as this is via a public road. Potentially we could have similar issues on Loila Tier Road unless we can develop an access solution. Behaviours we would like to address include for example potentially damage to the trail network through inappropriate use, camping at the Flagstaff Trail Head. The Local Government Act provides very few mechanisms for Council to create a ‘head of power’. Effectively we need to investigate a By-Law relating to Trails and associated infrastructure.

Following a resolution to proceed with a Trail Network By-Law Number 3 of 2019, the draft by-law and Regulatory Impact Statement (RIS) will be presented to Council for consideration and discussion at a Council Workshop, following this it would then be presented to a Council meeting for adoption prior to it being referred to the Director of Local Government for consideration.

If satisfied that the RIS meets all statutory requirements, the Director will issue a certificate of approval to Council.

Council then gives notice by advertising in the media and carries out its public consultation.

All submissions from the public consultation process will be provided to Council for consideration.

Following consideration of all submissions Council makes the by-law under its common seal.

LEGISLATION / STRATEGIC PLAN & POLICIES:

Strategic Plan 2017 – 2027

Goal

Infrastructure – To provide quality infrastructure which enhances the liveability and viability of our communities for residents and visitors.

Strategy

- Be proactive infrastructure managers by anticipating and responding to the growing and changing needs of the community and the area.
- Work with stakeholders to ensure the community can access the infrastructure necessary to maintain their lifestyle.

Goal

Environment – To balance our use of the natural environment to ensure that it is available for future generations to enjoy as we do.

Strategy

- Ensure the necessary regulations and information is in place to enable appropriate use and address inappropriate actions.
- Increase the community's awareness of the natural environment; the pressures it faces; and actions we can take to sustain it and what it provides.
- Recognise and alleviate the issues and risks to the environment from our use, and the risk to us from a changing environment.

BUDGET AND FINANCIAL IMPLICATIONS:

Legal costs will be incurred initially in checking the draft By-Law and Regulatory Impact Statement.

VOTING REQUIREMENTS:

Absolute Majority.

| | |
|---|--|
| ACTION | DECISION |
| PROPONENT | Council Officer |
| OFFICER | Paula Kloosterman, Human Resources Manager |
| FILE REFERENCE | 002\024\001\ |
| ASSOCIATED REPORTS AND DOCUMENTS | Draft Procedure LG06 – Employee Recognition (Option 1) Procedure – LG06 Employee Recognition (Option 2) |

OFFICER’S RECOMMENDATION:

Option 1:

That Policy LG06 – Employee Recognition Policy be cancelled and replaced with a similarly worded Procedure with the number anniversary dates celebrated reduced.

Or

Option 2:

That Policy LG06 – Employee Recognition Policy be cancelled and replaced with a similarly worded Procedure with no change to the number of anniversary dates celebrated.

INTRODUCTION:

Council has a schedule for regular review of Policies and upon examination it is considered the nature and intent of this policy are administrative and operational therefore better captured as a procedure.

PREVIOUS COUNCIL CONSIDERATION:

Adopted 19 March 2012 – Minute No 03/12.15.4.069.

Reviewed 28 January 2013 – Minute No 01/13.15.4.33.

Discussed 1 April 2019 Council Workshop.

Discussed 6 May 2019 Council Workshop.

Council Meeting 20 May Minute No 05/19.16.2 – Motion deferred.

Discussed 1 July 2019 Council Workshop.

OFFICER’S REPORT:

The policy is overdue for review and upon consideration it is recommended the intent and execution of the policy can be adequately served by a procedure. There are HR systems in place that ensure tenure milestones are flagged with plaques and gifts presented. A slight change has been made to reflect a change in practice with presentations occurring closer to anniversary dates rather than wait to the end of year function as this event is no longer fully attended. Presentations may be made at staff meetings and any other appropriate staff and Councillor gathering.

STRATEGIC PLAN & ANNUAL PLAN:

Strategic Plan 2017 – 2027

Working as a team with open and honest communication; we act with integrity whilst showing respect and being positive and proactive in our actions.

LEGISLATION & POLICIES:

As identified in the Policy.

BUDGET; FUNDING AND FINANCIAL IMPLICATIONS:

Nil.

VOTING REQUIREMENTS:

Simple Majority.

**PROCEDURE NO LG06
EMPLOYEE SERVICE RECOGNITION**

| | |
|-----------------------------|---|
| DEPARTMENT: | Governance |
| RESPONSIBLE OFFICER: | Human Resources Manager |
| ASSOCIATED POLICY: | Formally LG06 - Employee Recognition Policy |
| POLICY INFORMATION: | Approved - |

Procedure

1. INTRODUCTION

The purpose of this procedure is to ensure employees are recognised when they reach service milestones and their contribution is acknowledged and celebrated in a consistent way.

2. PROTOCOL

Employees who achieve ten years of service shall be presented a gift and plaque to recognise their contribution to Council’s goals. Each ~~five year~~-period of service as per table below thereafter will qualify for an additional gift and plaque.

The General Manager will make the presentation to the employee at an appropriate gathering for staff and, if possible Councillors, as close as possible to the anniversary date.

The gift shall be presented in the form of a gift voucher from a place of the employee’s choosing. The employee shall also be presented with a personalised plaque indicating years of service.

The value of the gift shall be in line with the accompanying guide.

| Length of Service | Value of Gift |
|--------------------------|----------------------|
| 10 years | \$100.00 |
| 15 years | \$150.00 |
| 20 years | \$200.00 |
| 25 years | \$250.00 |
| 30 years | \$300.00 |
| 35 years | \$350.00 |
| 40 years | \$400.00 |

PROCEDURAL CHANGES REQUIRED: (please note any changes that are required to this procedure due to software upgrades etc.)
