

## Ansons Bay Township Plan Report as at 9 July, 2020

Ansons Bay Township Plan	Reporting Against Actions
<p><b>1. Telecommunication Coverage</b>  <b>1.1.</b> Lobby Telstra to improve telecommunication coverage for Ansons Bay</p>	Community is working with stakeholders to improve telecommunication coverage
<p><b>2. Signage</b>  <b>2.1.</b> Work with PWS to improve signage identifying walking tracks providing access to beaches etc   <b>2.2.</b> Review signage and work with ECRTO to improve and increase signage explaining the Bay of Fires and its elements   <b>2.3.</b> Consult with the Bay of Fires Lodge operators as to whether further signage regarding no turning or through road is required.   <b>2.4.</b> Review wildlife signage including the need for extra signage in the section of Ansons Bay Road where Wombats are regularly hit.</p>	<p>Items listed under Signage to be picked up in the Bay of Fires Master Plan – the brief is currently being developed in association with PWS</p> <p>2.4 Council has provided signage. Advisory wildlife signage has been stolen and replaced several times.</p>
<p><b>3. Community Transport</b>  <b>3.1.</b> Consult with CTST to see if they have capabilities to fund a bus From Ansons Bay to St Helens on a weekly basis</p>	Community members wishing to utilise this service to ring 1800 781 033 – have spoken to them and if there is a demand they will look at what they can do
<p><b>4. Visitors Information</b>  <b>4.1.</b> Review information being provided through the Visitor Information Centre in relation to facilities and services</p>	<p>We confirm the information provided by the St Helens VIC generally consists of:</p> <ul style="list-style-type: none"> <li>• The Ansons Bay Road is unsealed and although well maintained by Council can vary in condition depending on timing and weather, travellers need to drive to the prevailing conditions</li> <li>• Travellers need to ensure they are prepared with fuel, food and water, as these are available in St Helens and then next available at Gladstone</li> </ul>
<p><b>. Infrastructure</b>  <b>5.1.</b> Develop a proposal to construct a BBQ Shelter in a suitable location.</p>	A conceptual plan was provided to the Anson’s Bay Progress committee for consideration.

<p><b>5.2.</b> Develop a map detailing public access roads &amp; Footpaths</p> <p><b>5.3.</b> Community to submit a request to Council detailing exactly what is required for upgrading beach access locations</p> <p><b>5.4.</b> Works Department to inspect and verify locations within Ansons Bay that have drainage issues</p> <p><b>5.5.</b> Culvert markers to be reviewed for Ansons Bay</p> <p><b>5.6.</b> Examine feasibility of installing recycling facilities at the Waste Transfer Station.</p> <p><b>5.7.</b> Examine options for the placement of visitor information</p> <p><b>5.8.</b> Work with Tas Ambulance and Tas Fire to identify the most suitable location for a helipad.</p>	<p>Council is awaiting formal feedback in relation to whether the project is supported or not.</p> <p>5.2 Included as part of 2.1 above.</p> <p>5.3 No community information received at this stage</p> <p>5.4 Sites if advised by land owners are inspected by Council officers</p> <p>5.5 Culverts are marked with reflective marker posts. Stolen and damaged marker posts are periodically replaced</p> <p>5.6 The cost of providing recycling facilities at Ansons Bay and transporting recyclables to a sorting facility is not financially feasible.</p>
