

## Cornwall Township Plan Report as at April, 2021

Cornwall Township Plan	Reporting Against Actions
<p><b>1. Fire protection of the entire Cornwall township</b></p> <p>1.1. Council to work with landowners - Three boundaries (sides and rear) of Cornwall are subject to the Priority Habitat overlay on land owned by the Crown. Removal of vegetation would require a planning permit and flora and fauna reports.</p>	<p>Council utilises Section 199 of the Local Government Act 1993 (the Act) to address 'nuisance' that includes anything that is, or is likely to be a fire risk. Section 200 of the Act provides that if a Council is satisfied that a nuisance exists, the General Manager may serve an abatement notice on a person which specifies, amongst other things, the nature of the nuisance, any reasonably necessary action to be taken to abate the nuisance, and the time in which the action must be taken.</p>
<p><b>2. Street infrastructure</b></p> <p>2.1. Entrance to Hall – Community to work with Council, reconstruct entrance and install grate drain</p> <p>2.2. Alexander Street – redesign swale drain – Capital project to dig out sections and re-asphalt 2019-2020 budget</p> <p>2.3. Sealing of gravel roads – gravel network is maintained</p> <p>2.4. Spoon drains need cleaning out – work with Community to show location</p> <p>2.5. White lines – redo line marking</p> <p>2.6. Drains between William and John Street to Crosby Street – drainage review with community members and schedule works if required</p>	<p>2.1 Request for quotation process commenced for works to be completed prior to end June, 2021.</p> <p>2.2 Item completed and funded by the Drought Communities Fund - Round 2</p> <p>2.3 Sealing of Lennox and Campbell Streets completed. Resealing of segments of Alexander Street and remediation of pavement in Crosby/John Street in progress at end March, 2021.</p> <p>2.4 Roadside swale drain at John St reconstructed during 2019/2020. Other drains within road reserves are addressed on a needs basis.</p> <p>2.5 Completed by contractor to State Growth</p> <p>2.6 To be reviewed if a need is identified.</p>
<p><b>3. Street Lighting</b></p> <p>3.1 Review existing street lighting to identify where there may be opportunities to improve</p>	<p>3.1 Council relies on community input as to areas of concern to the local community. When a need area is identified, Council officers will</p>

<p>coverage within the context of Council’s policy and Tas Networks Street Lighting</p>	<p>subsequently liaise with TasNetworks as to what lighting can be installed within the constraints of existing electrical infrastructure and arrange installation of additional street lighting where permitted by TasNetworks. TasNetworks does not review street lighting in context of the community request made in this plan.</p>
<p><b>4. Water connection – Soldiers Walk Garden</b> 4.1. To be investigated</p>	<p>Cost of installation prohibitive. Options exist to investigate TasWater Community Infrastructure Program - being investigated.</p>
<p><b>5. Weed maintenance</b> 5.1. Regular mowing and weed removal – The Avenue, Alexander Street and the Park behind Cornwall Road – Weed officer to investigate – if identified weeds on private property – Abatement notices will be issued</p>	<p>Monitor - Declared Weeds are present on Crown Land and a number of private properties at Cornwall. The Weeds Management Act 1999 obliges landowners to control declared weeds. Council mows land under its jurisdiction and acts to remove declared weeds. Council’s NRM officer can provide education and information to land owners upon request in how to best manage types on declared weeds.</p>
<p><b>6. Interpretative signage</b> 6.1. Work with the community to seek external funding for the purchase of appropriate signage to be installed in the Soldiers Walk Park</p>	<p>Council staff assisted with the erection of signage in Soldiers Walk Park. This is a project that community members are working on</p>
