

St Helens Township Plan reporting as at 9 July, 2020

St Helens Township Plan	Reporting Against Actions
<p>1. Car Parking Review</p> <p>1.1. Council to look at a solution regarding increased parking – better utilisation of space and identify additional land for potential car parking</p>	<p>To be considered as a 2020/2021 annual plan item St Helens Car Parking Strategy. Car park located on corner of Cecilia & Quail Streets is being formalised which should improve parking efficiency.</p>
<p>2. To review future uses of Kings Park</p> <p>2.1 Identify issues raised through community conversations that can be actioned for the area including any infrastructure requirements</p>	<p>Community opinion and comments sought. Consolidation of information to be discussed with Council.</p>
<p>3. Improved Signage</p> <p>3.1. Undertake audit of appropriate signage to identify gaps</p> <p>3.2. Look at appropriate signage and consistency of messages</p>	
<p>4. Traffic movement review</p> <p>4.1. Future options to be discussed with State Government</p>	<p>Traffic flow data has been collected across St Helens. Data analysis in progress. Data has been shared with the Department of State Growth for Cecilia Street, Quail Street and Binalong Bay Road.</p>
<p>5. Marine Facilities Strategy</p> <p>5.1 To engage a consultant to undertake a Marine Facilities Strategy – Georges Bay</p>	<p>Brief is currently being drafted to undertake this project</p>
<p>6. Increased footpaths</p> <p>6.1 Council officers to review footpath requests and advise the Council of priority need that is aligned with Councils LTFP, Four Year Capital Plan and in annual budget preparation cycles. Ongoing Review process.</p>	<p>Council has allocated \$125,000 for new footpath works in the Fairlea area south of the Golden Fleece Bridge in 2020/2021. Footpath priorities targeting missing link sections are to be established and presented to Council for endorsement prior to works being undertaken during Autumn, 2021.</p> <p>Other projects being scoped for funding include the construction of the missing segment of foreshore footpath between Talbot St and Cunningham Street and St Helens to Binalong Bay.</p>

7. Foreshore – management of weeds

7.1. Community form working bees and work with Council in conjunction with PWS to manage weed control on our Foreshore areas

Council Weeds Officer and Contractor undertake weed abatement activity along the foreshore area on a regular basis.

Community support is encouraged
