

# Cat Microchipping and Desexing Subsidy

## Extended August 2022

Council is providing a subsidy to help Break O'Day residents have their pet cat de-sexed and microchipped, as required by law now. Council's cat management program focuses on Responsible Cat Ownership.

### From August, the subsidy is now available to more people and cats.

1. people willing to take a stray or roaming cat in, as their owned pet in their home
2. concession card holders (up to four).

Conditions include:

- Cats residing in Break O'Day
- Microchip required
- Four cat limit per residence (consc. card holders)
- Not for breeders or cats being sold or given away

Ask us about a pet crate, if needed to get to the Vet safely and securely.

1. Complete this form electronically or on paper, return it to our St Helens office to be authorised \*.
2. We'll send copies back to you and the East Coast Veterinary Clinic St Helens, where you can redeem the subsidy.
3. Make an appointment at the Vet (67 Quail Street St Helens, ph. 6376-1577).
4. On the day you will have to pay the Vet the 'owner' amounts indicated, Council will pay the subsidised amount shown to the Vet.

If you have any questions or need help please contact our St Helens office on 63767900.

For more information on Responsible Cat Ownership see Council's website, [www.tassiecat.com/](http://www.tassiecat.com/) and [nre.tas.gov.au/invasive-species/responsible-cat-ownership](http://nre.tas.gov.au/invasive-species/responsible-cat-ownership).
